

VERITAS Volume Manager™ 3.1.1 for Solaris™

Late-Breaking News

If you have configured a Sun™ server and a Sun StorEdge™ A5200 storage array with a Sun StorEdge PCI single Fibre Channel network adapter card (order number X6799A), the presence of a Sun StorEdge A5200 array does *not* automatically generate a license key when you initialize the Volume Manager 3.1.1 software.

Below is a *temporary* license key for Sun StorEdge A5200 arrays; this license key expires on May 27, 2001.

8887 6476 4203 0199 2834 280

After May 27, 2001, a VERITAS Volume Manager 3.1.1 update patch to enable auto-licensing for Sun StorEdge A5200 arrays will be available from the SunSolve OnlineSM web site:

<http://sunsolve.sun.com/>

Refer to the *Volume Manager Installation Guide* for information on initializing Volume Manager license keys.
