Release 1.1.0.0

E53303-01

June 2014

Documentation build: 6.22.2014 9:42:53 [TS_1403455373000]

Copyright © 2012, 2014, Oracle and/or its affiliates. All rights reserved.

This software and related documentation are provided under a license agreement containing restrictions on use and disclosure and are protected by intellectual property laws. Except as expressly permitted in your license agreement or allowed by law, you may not use, copy, reproduce, translate, broadcast, modify, license, transmit, distribute, exhibit, perform, publish, or display any part, in any form, or by any means. Reverse engineering, disassembly, or decompilation of this software, unless required by law for interoperability, is prohibited.

If this is software or related documentation that is delivered to the U.S. Government or anyone licensing it on behalf of the U.S. Government, the following notice is applicable:

U.S. GOVERNMENT END USERS: Oracle programs, including any operating system, integrated software, any programs installed on the hardware, and/or documentation, delivered to U.S. Government end users are "commercial computer software" pursuant to the applicable Federal Acquisition Regulation and agency-specific supplemental regulations. As such, use, duplication, disclosure, modification, and adaptation of the programs, including any operating system, integrated software, any programs installed on the hardware, and/or documentation, shall be subject to license terms and license restrictions applicable to the programs. No other rights are granted to the U.S. Government.

This software or hardware is developed for general use in a variety of information management applications. It is not developed or intended for use in any inherently dangerous applications, including applications that may create a risk of personal injury. If you use this software or hardware in dangerous applications, then you shall be responsible to take all appropriate fail-safe, backup, redundancy, and other measures to ensure its safe use. Oracle Corporation and its affiliates disclaim any liability for any damages caused by use of this software or hardware in dangerous applications.

Oracle and Java are registered trademarks of Oracle and/or its affiliates. Other names may be trademarks of their respective owners. Intel and Intel Xeon are trademarks or registered trademarks of Intel Corporation. All SPARC trademarks are used under license and are trademarks or registered trademarks of SPARC International, Inc. AMD, Opteron, the AMD logo, and the AMD Opteron logo are trademarks or registered trademarks of Advanced Micro Devices. UNIX is a registered trademark of The Open Group.

This software or hardware and documentation may provide access to or information on content, products, and services from third parties. Oracle Corporation and its affiliates are not responsible for and expressly disclaim all warranties of any kind with respect to third-party content, products, and services. Oracle Corporation and its affiliates will not be responsible for any loss, costs, or damages incurred due to your access to or use of third-party content, products, or services.

Chapter 1

Preface

The *Oracle Public Sector Revenue Management Self Service Quick Install Guide* describes the requirements and steps necessary to install Oracle Public Sector Revenue Management Self Service.

Audience

The *Oracle Public Sector Revenue Management Self Service Quick Install Guide* is intended for system administrators installing Oracle Public Sector Revenue Management Self Service. To use this document you should have:

- Experience installing and configuring application servers and other software.
- Administrative privileges on the host where you are installing the software.

Documentation and Related Resources

The documentation that accompanies this product is subject to revision and updating.

This document, and the *PSRMSS Release Notes*, *PSRMSS Installation Guide*, *PSRMSS Implementation Guide*, *PSRMSS-PSRM Integration Guide*, as well as any updates to these or supplementary documents and support materials, are available in library form in the ***Public Sector Revenue Management*** section (http://www.oracle.com/technetwork/documentation/taxmgmt-154608.html) of the **Oracle Technology Network** website.

Oracle Support

Oracle customers also have access to electronic support through *My Oracle Support*. Sign-in is required.

Chapter 2

Introduction

This section provides a high-level overview of the installation steps for Oracle Public Sector Revenue Management Self Service (PSRMSS) Release 1.1.0 and selected additional software. For more information, see the *Oracle Public Sector Revenue Management Self Service Installation Guide*.

Please visit *My Oracle Support* (http://support.oracle.com) for the most recent service packs and patches for this release to ensure you have the most current version of this product.

The following product version levels are required when integrating with Public Sector Revenue Management:

- PSRM V2.3.1.2.0 Service Pack 2 (SP2) - 18845734
- OUAF V4.1.0.2.0 Service Pack 2 (SP2) - 14733621

Chapter 3

Media Pack Contents

The Oracle Public Sector Revenue Management Self Service media pack consists of the following packages:

- Oracle Public Sector Revenue Management Self Service V1.1.0 Release Notes
- Oracle Public Sector Revenue Management Self Service V1.1.0 Quick Install Guide (this document)
- Oracle Public Sector Revenue Management Self Service V1.1.0 Installation Guide
- Oracle Public Sector Revenue Management Self Service V1.1.0 Integration Guide
- Oracle Public Sector Revenue Management Self Service V1.1.0 Implementation Guide
- Oracle Public Sector Revenue Management Self Service V1.1.0 Installation Package for an Initial Install
- Oracle Public Sector Revenue Management Self Service V1.1.0 Installation Package for a Standalone Install

Additional Software Requirements

The following software products are required to run Oracle Public Sector Revenue Management Self Service, but are not included in the media pack. These products must be licensed and installed separately:

- Oracle WebLogic Server 10.3.6
- Oracle WebCenter Release 11.1.1.6.0
- Oracle Content Server (UCM) 11.1.1.6.0
- Oracle SOA 11.1.1.6.0
- Oracle Database 11.2.0.2.0

Chapter 4

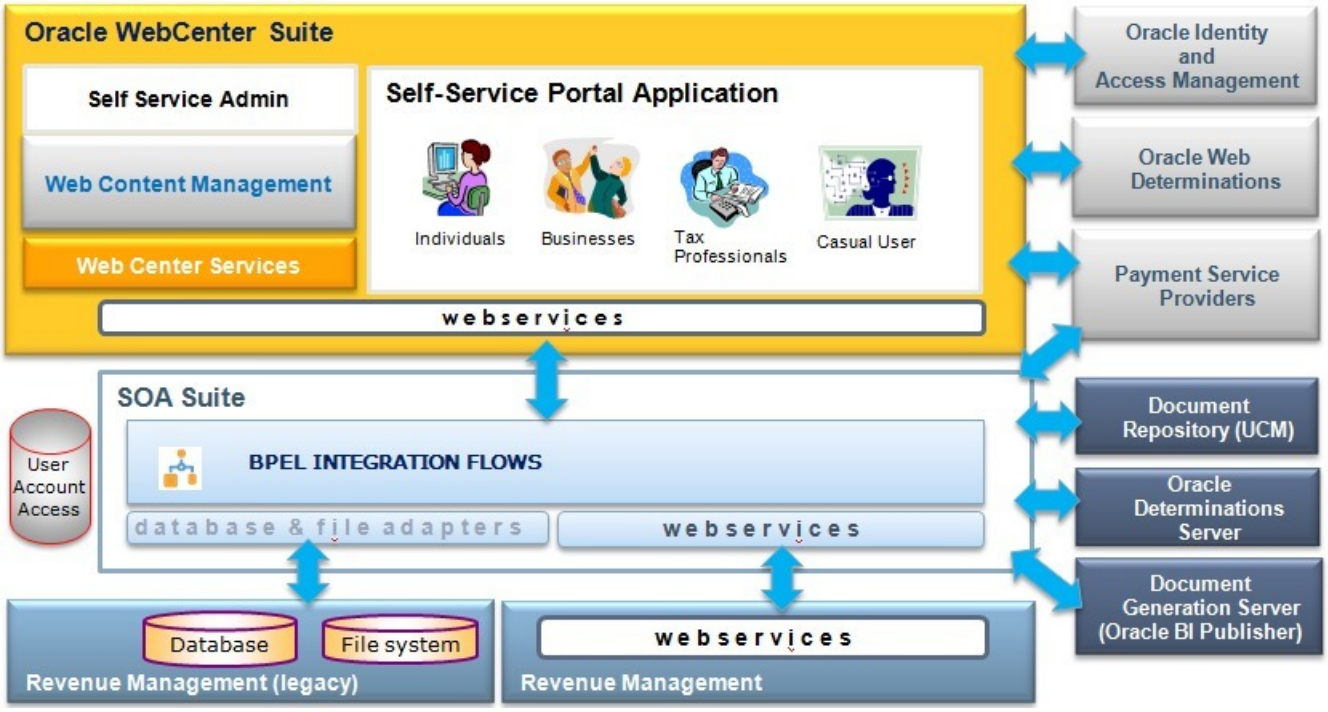
Components

The Oracle Public Sector Revenue Management Self Service V1.1.0 Installation Package includes the following components:

- PSRM-SS System data
- PSRM-SS Shared library
- PSRM-SS EAR File
- PSRM-SS - PSRM Composites
- PSRM-SS Metadata for the BPEL composites

Chapter 5

Self-Service Application Architecture



Chapter 6

Supported Platforms

This section describes the supported environments under which Oracle PSRMSS operates, as well as information about software requirements.

Client Browser Requirements

Oracle Public Sector Revenue Management Self Service supports various browsers:

Portal Application

- Internet Explorer 9 and 10
  - IE compatibility view = FALSE
- Firefox
  - Version FF 17ESR
- Chrome

Oracle WebLogic Server Requirements

Oracle Public Sector Revenue Management Self Service supports Oracle WebLogic version 10.3.6.

For complete and up-to-date information on Oracle WebLogic 11g supported platforms, visit the *Oracle Technology Network* at http://www.oracle.com/technetwork/middleware/ias/downloads/fusioncertification- 100350.html.

Oracle WebCenter Server Requirements

Oracle Public Sector Revenue Management Self Service supports Oracle WebCenter Release version 11.1.1.6.0.

Oracle Oracle Content Server (UCM) Server Requirements

Oracle Public Sector Revenue Management Self Service supports Oracle Content Server (UCM) Release version 11.1.1.6.0.

Oracle Oracle SOA Server Requirements

Oracle Public Sector Revenue Management Self Service supports Oracle SOA Release version 11.1.1.6.0.

For complete and up-to-date information on Oracle WebLogic 11g supported platforms, visit the *Oracle Technology Network* at http://docs.oracle.com/html/E18558_01/fusion_requirements.htm

Oracle Database Requirements

Oracle Public Sector Revenue Management Self Service supports Oracle Database Server Enterprise Edition 11gR2 (11.2.0.2), and supports the operating systems on which Oracle Database is certified.

For complete and up-to-date information on Oracle Database11g supported platforms, visit the *Oracle Support* website at https://support.oracle.com/ and click the **Certifications** tab.

Chapter 7

Installing the Self Service Application

Refer to the individual component installation guides for installation instructions for the software products mentioned in the first part of this procedure. Links to the individual product installation guides are provided in the *Oracle Public Sector Revenue Management Self Service Installation Guide*.

Install the following prior to installing PSRMSS:

1. Install database server software.
2. Install database schemas using RCU.
3. Install an empty MDS Schema using RCU.
4. Install WebLogic.
5. Install WebCenter.
6. Install WebLogic.
7. Install SOA Suite.
8. Install UCM Suite.

To install Oracle Public Sector Revenue Management Self Service V1.1.0:

9. Configure a Domain for PSRMSS.
10. Install the PSRMSS-PSRM Integration Flows using the installer.
11. Install PSRMSS using the PSRMSS installer.

Oracle VM Support

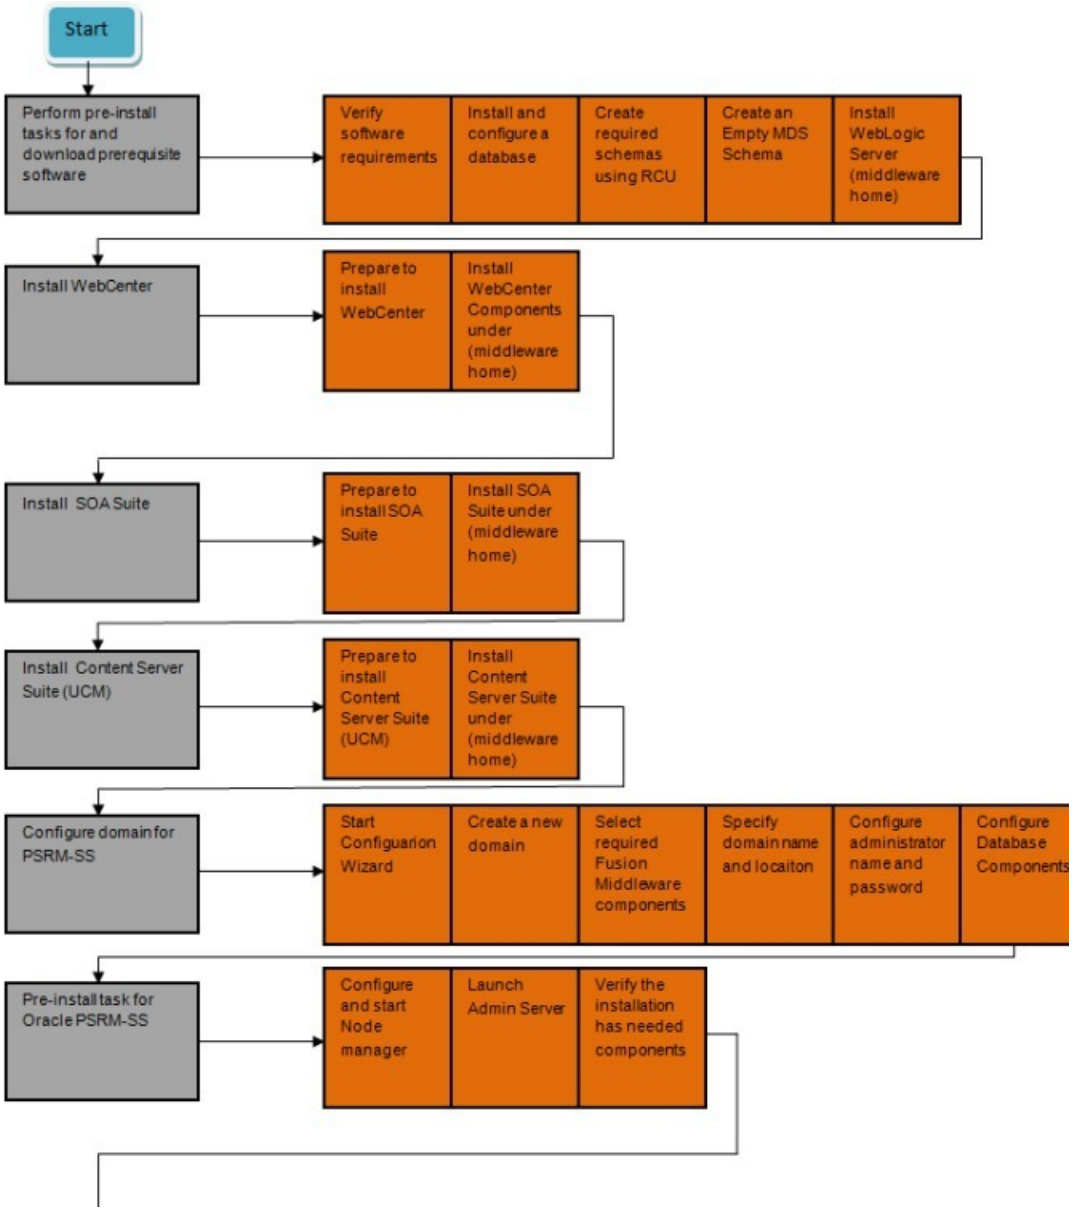
Oracle Public Sector Revenue Management Self Service Release 1.1.0 is supported on Oracle VM 2.2.1 for supported releases of Oracle Enterprise Linux and Microsoft Windows operating systems.

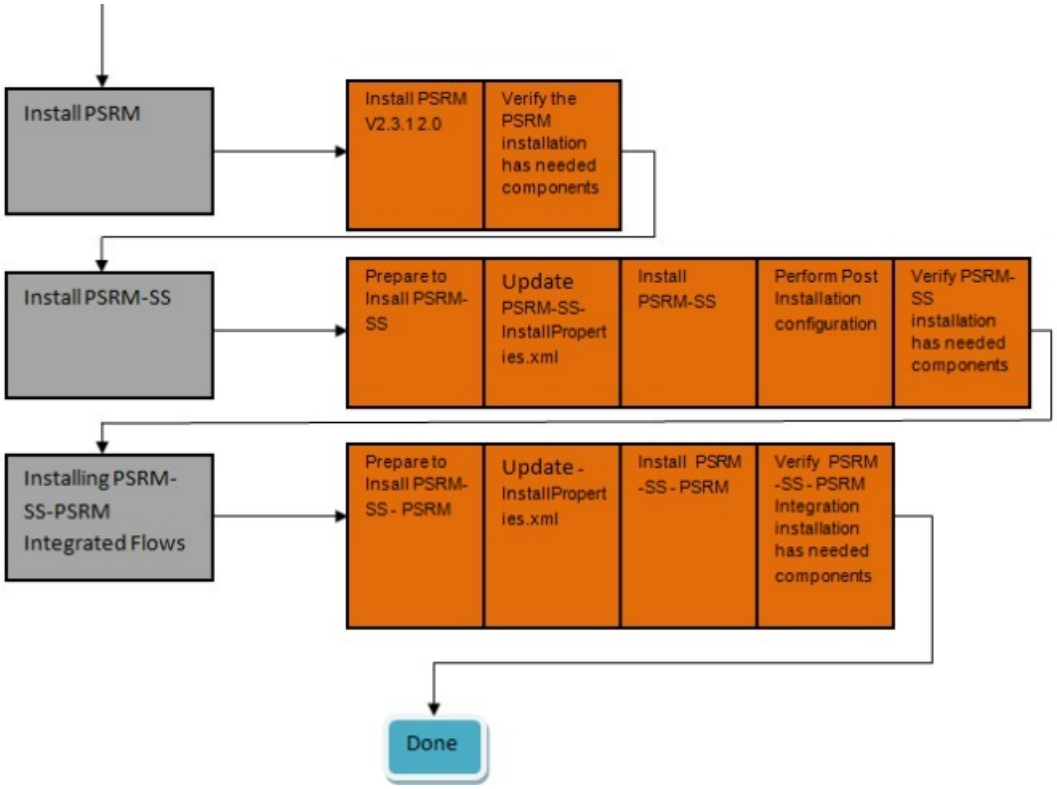
Oracle Support Policy Regarding VMware

Please refer to My Oracle Support knowledge base article 249212.1 for Oracle's support policy regarding VMWare.

Installation and Configuration Overview

The following diagram provides an overview of the steps required to install and configure Oracle Public Sector Revenue Management Self Service Release 1.1.0:





Install PSRM
Install PSRM V2.3.1 2.0
Verify the PSRM installation has needed components
Install PSRM-SS
Prepare to Insall PSRM-SS
Update PSRM-SS-InstallProperties.xml
Install PSRM-SS
Perform Post Installation configuration
Verify PSRM-SS installation has needed components
Installing PSRM-SS-PSRM Integrated Flows
Prepare to Insall PSRM-SS - PSRM
Update - InstallProperties.xml
Install PSRM -SS - PSRM
Verify PSRM -SS - PSRM Integration installation has needed components
Done
