

## Customer Connection References

As of November 7, 2008, content, documentation deliverables, and informational pages will be migrated from Customer Connection to Metalink 3. The migration to Metalink 3 will result in some changes in the structure of where this content is accessed. Published versions of our PeopleBooks may contain references to content within Customer Connection. Since those references will not be updated in our previously published documentation, please use this document to serve as a map to the location of the migrated content on Metalink 3.

## PeopleSoft Enterprise Content

### Taxonomy

The majority of supporting PeopleSoft Enterprise documentation is located on the Knowledge Tab of Metalink 3. You will need to select a Product Line and select the category Documentation. A list of migrated documentation categories should be listed within the Documentation category.

### Splash Page

The PeopleSoft Knowledge tab Splash Page contains some helpful information on the location of content within Metalink 3.
