Operating System and Database Requirements

The following sections provide operating system and database support information for:

- **InQira Intelligent Search and Information Manager**
- **InQira Analytics**
- **InQira iConnect for Siebel Call Center**

Note: **Certified** combinations have successfully completed QA tests. **Supported** combinations have not completed QA testing, but are supported by InQira.

InQira Intelligent Search and Information Manager

The following table illustrates platform and database support for Intelligent Search and Information Manager.

	SQL Server 2005 Enterprise ¹	Oracle 10g ²	Oracle 11g ³
Windows 2003 Server (32-bit and 64-bit)	Certified	Certified	Supported
Red Hat Enterprise Server Linux, version 5.2 (64-bit) ⁴	Unsupported	Supported	Certified

1. InQira supports Microsoft SQL Server 2005, Enterprise Edition only.
2. Oracle 10g release 10.2.0.5 or higher.
3. Oracle 11g release 11.2.0.1 or higher.
4. Red Hat Linux certified on Intel processors only.

Virtual Machine Support

InQira supports configuration on VMware ESX™ virtual environments, provided the virtualized operating system is a version that InQira products support.

InQira Analytics

The following table illustrates the platform and database support for InQira Analytics.

	SQL Server 2005	Oracle 10g ¹	Oracle 11g ²
Windows 2003 Server (32-bit)	Certified	Certified	Supported
Red Hat Enterprise Server Linux, version 5.2 and higher (64-bit) ³	Unsupported	Certified	Certified

1. Oracle 10g release 10.2.0.5 or higher.
2. Oracle 11g release 11.2.0.1 or higher.
3. MicroStrategy supports 64-bit Linux platforms only.

Additional Analytics Requirements

MicroStrategy Desktop Agent requires a Windows computer. This agent is required and is not available on Linux platforms.¹

InQira iConnect for Siebel Call Center

The following table illustrates Siebel version and database support for InQira iConnect for Siebel Call Center.

	SQL Server 2005	Oracle 10g	Oracle 11g
Siebel 8.x	Certified	Certified	Supported
Siebel 7.8	Supported	Supported	Supported

1. See additional information under “Web Browsers” on page iii.

Web Browsers

InQira supports Microsoft Internet Explorer versions 7 and 8, and Mozilla Firefox, version 2 and higher, on all supported operating system and database combinations.

Note: MicroStrategy 8.1.1 requires Microsoft Internet Explorer 8 to be run with the compatibility mode in place.

Third-party Software

InQira ships third-party software along with the InQira software. This includes components like the Sun Java Virtual Machine and the Apache Tomcat appserver. InQira supports only the components we ship. For additional information, see the *Third-party Software Acknowledgments* available on the InQira Customer Support website.

Language and Localization Support

The following sections provide details for:

- **Language Support** – Intelligent Search language support
- **Localization** – user interface component information

Language Support

The following table summarizes InQira language support for Intelligent Search.

Language	Search Capabilities		Ontology and Intentions				
	Keyword & Stemming	Spell Check	Automotive	Customer Help	Financial Services	Computer	Telecomm
