Preface

This document describes issues that you may encounter with this release. Internal Tracking numbers that appear in the tables are used to identify issues reported by customers. You can use these numbers to identify the issue should you need to contact Oracle Support. Locator numbers that appear in parentheses after some notes are for Oracle internal use only.

Chapter 1: What's New in This Release

This chapter contains information on new product features for Extensibility Pack 2.7 of Oracle Agile Product Lifecycle Management for Process.

What's New in This Release?

The following enhancements have been made for the Oracle Agile Product Lifecycle Management for Extensibility Pack 2.7.

Ready Reports Solution Pack

Ready Reports is a new solution pack that allows users to quickly access data they need in the context they need it. Ready reports are saved entity query tool (EQT) searches that are available for business objects in Agile PLM for Process. Since ready reports has its own administration interface, reports can be created and managed by business users

For more information, refer to the *Agile Product Lifecycle Management for Process Ready Reports Solution Pack Guide*.

Action Dashboard Solution Pack

The Action Dashboard solution pack, released with Extensibility Pack 2.6, has been included in this extensibility pack. For more information, refer to the *Agile Product Lifecycle Management for Process Action Dashboard Guide*.
