Introduction

This document provides links to resources that will help you use Primavera Analytics.

Where to Get Documentation

Complete documentation libraries for Primavera Analytics releases are available from:

<https://docs.oracle.com/en/industries/construction-engineering/>

The documentation assumes a standard setup of the product, with full access rights to all features and functions.

Where to Get Training

Équation 1: mylearn.oracle.com/construction

The MyLearn website provides free video-based training for all Construction and Engineering applications. On your first visit, create a free account with Oracle University and enjoy these benefits:

- ▶ More than 300 videos
- ▶ Site remembers which videos you have watched
- ▶ Filter by product
- ▶ Earn badges to share on social media
- ▶ Video captions translated into 14 languages
- ▶ Searchable transcript in English
- ▶ Build your own home page based on your preferences and favorites
- ▶ Track your progress and achievement on a personal dashboard

A variety of training is offered. (Not all training types offered for all products)

- ▶ **Get Started:** New user? These courses will get you up and running.
- ▶ **What's New:** Learn about the new features introduced in the latest release.
- ▶ **Video Training:** Single-topic, short duration videos provide instruction on basic functions and common tasks.
- ▶ **Crash Courses:** Longer-duration videos (narrated by an instructor) guide you step-by-step through processes like planning a project, or take a deep-dive into a single subject.
- ▶ **Full Virtual Courses:** Do hands-on exercises in the software and view training manuals in these comprehensive instructor-led recorded courses. Requires fee.
