AK-1	p85	".. and in messages being delivered out of order" CHANGE TO ".. and in JMS message order semantics not preserved" **Response**: done.
AK-2	p86	"semantics are preserved.." - typo ".." **Response**: done.
AK-3	p92	".. by the failed broker. For example, messages that have been consumed by the client or the state of transactions involving the client might have been lost." CHANGE TO ".. by the failed broker, for example, messages that have been consumed by the client or the state of transactions involving the client." comment: that information are not "lost", but unavailable until the failed broker restarts. **Response**: done.
AK-4	p93	"However, during the short time required for takeover to complete," CHANGE TO "However, during the time required for takeover to complete," **Response**: done.
