Document: Security spec

Reviewer: June Parks
Review Date: 8/22/07

Reference	Location	Review Comments	Author's response	Status
3.4.1 Configuring Trust Domains	Page 15	The spec should include an actual DTD snippet for trustdomain-config including changes to the parent element.		
8 Documentation Requirements	Page 16	None are listed. The doc plan is posted on the Sailfin site. Please indicate specifically which docs are affected. Admin Ref is affected by trustdomain-config. Dev Guide and Admin Guide are probably affected.		

How to attach your review comments to the site:
