1 Documentation Errata

This section provides information about documentation errata in *Oracle Application Server BPEL Process Manager Installation Guide*.

The following modifications are required to the *Oracle Application Server BPEL Process Manager Installation Guide* for the Microsoft Windows (64-Bit) on Intel Itanium release:

- The platforms listed in the book title, need to list Microsoft Windows (64-Bit) on Intel Itanium.
- In Chapter 1, "Overview of Oracle BPEL Process Manager", the following modifications are required:
  - In the "Installation Scenarios for Oracle BPEL Process Manager" section, the subsection "Scenario 1: Oracle BPEL Process Manager for Developers" is not available with Microsoft Windows (64-Bit) on Intel Itanium.
  - In Table 1-1, the Oracle BPEL Process Manager for Developers installation type is not supported.
  - In Table 1-2, the disk space requirement for Oracle BPEL process manager is not required.
  - In Table 1-3, Oracle Database Lite has been listed as a supported database. However, it is not available on Microsoft Windows (64-Bit) on Intel Itanium.
  - The Note after table 1-3 is also not applicable.
- In Chapter 2, " Oracle BPEL Process Manager Installation", the following modifications are required:
  - In the "Preinstallation Tasks for Oracle BPEL Process Manager" section, the subsection, "Steps for Oracle BPEL Process Manager for Developers" is not required on Microsoft Windows (64-Bit) on Intel Itanium.
  - In the "Preinstallation Tasks for Oracle BPEL Process Manager" section, reference to *Oracle Database Installation Guide for Microsoft Windows*

(32-Bit) need to be changed to *Oracle Database Installation Guide for Microsoft Windows (64-Bit)*.

- In the "Installation Tasks for Oracle BPEL Process Manager" section, the subsection "Installing Oracle BPEL Process Manager for Developers" is not required.
- In the "Postinstallation Tasks for Oracle BPEL Process Manager" section, the subsections, "Postinstallation Steps for Oracle BPEL Process Manager (All Installations)" and "Postinstallation Steps for Oracle BPEL Process Manager for Developers" are not required.
- The "JDeveloper BPEL Designer" row in Table 2-4 "Accessing Oracle BPEL Process Manager Components" is not required.

2 Documentation Accessibility

Our goal is to make Oracle products, services, and supporting documentation accessible, with good usability, to the disabled community. To that end, our documentation includes features that make information available to users of assistive technology. This documentation is available in HTML format, and contains markup to facilitate access by the disabled community. Accessibility standards will continue to evolve over time, and Oracle is actively engaged with other market-leading technology vendors to address technical obstacles so that our documentation can be accessible to all of our customers. For more information, visit the Oracle Accessibility Program Web site at

http://www.oracle.com/accessibility/

Accessibility of Code Examples in Documentation

Screen readers may not always correctly read the code examples in this document. The conventions for writing code require that closing braces should appear on an otherwise empty line; however, some screen readers may not always read a line of text that consists solely of a bracket or brace.

Accessibility of Links to External Web Sites in Documentation

This documentation may contain links to Web sites of other companies or organizations that Oracle does not own or control. Oracle neither evaluates nor makes any representations regarding the accessibility of these Web sites.

TTY Access to Oracle Support Services

Oracle provides dedicated Text Telephone (TTY) access to Oracle Support Services within the United States of America 24 hours a day, seven days a week. For TTY support, call 800.446.2398.

The Programs (which include both the software and documentation) contain proprietary information; they are provided under a license agreement containing restrictions on use and disclosure and are also protected by copyright, patent, and other intellectual and industrial property laws. Reverse engineering, disassembly, or decompilation of the Programs, except to the extent required to obtain interoperability with other independently created software or as specified by law, is prohibited.

The information contained in this document is subject to change without notice. If you find any problems in the documentation, please report them to us in writing. This document is not warranted to be error-free. Except as may be expressly permitted in your license agreement for these Programs, no part of these Programs may be reproduced or transmitted in any form or by any means, electronic or mechanical, for any purpose.

If the Programs are delivered to the United States Government or anyone licensing or using the Programs on behalf of the United States Government, the following notice is applicable:

U.S. GOVERNMENT RIGHTS Programs, software, databases, and related documentation and technical data delivered to U.S. Government customers are "commercial computer software" or "commercial technical data" pursuant to the applicable Federal Acquisition Regulation and agency-specific supplemental regulations. As such, use, duplication, disclosure, modification, and adaptation of the Programs, including documentation and technical data, shall be subject to the licensing restrictions set forth in the applicable Oracle license agreement, and, to the extent applicable, the additional rights set forth in FAR 52.227-19, Commercial Computer Software--Restricted Rights (June 1987). Oracle USA, Inc., 500 Oracle Parkway, Redwood City, CA 94065.

The Programs are not intended for use in any nuclear, aviation, mass transit, medical, or other inherently dangerous applications. It shall be the licensee's responsibility to take all appropriate fail-safe, backup, redundancy and other measures to ensure the safe use of such applications if the Programs are used for such purposes, and we disclaim liability for any damages caused by such use of the Programs.
