

# PEOPLESOFT ENTERPRISE 9.0 HRMS AND CAMPUS SOLUTIONS HARDWARE AND SOFTWARE REQUIREMENTS

This document discusses:

- Defining required database size.
- Defining software requirements and options.

**Note.** See the HRMS Applications Installation instructions for database size information.

## Defining Required Database Size

Size requirements for the HRMS/CS demo database, HRDMO, vary by platform. We list the size requirements for each platform in the *PeopleSoft Enterprise 9.0 HRMS and Campus Solutions Application Supplemental Installation* guide posted on Customer Connection.

See “PeopleSoft Enterprise 9.0 HRMS and Campus Solutions Application Supplemental Installation,” PeopleSoft Customer Connection (Site Index, installation guides and notes, Installation Guides and Notes, HRMS.)

## Defining Software Requirements and Options

This section discusses:

- Required software packages for HRMS and Campus Solutions applications.
- Optional software packages for HRMS and Campus Solutions applications.

- Note.** The Micro Focus COBOL compiler is required for customers using the PeopleSoft Enterprise HRMS suite; however, it is not required when using only the Human Resources application without Base Benefits.
- Note.** *COBOL is no longer needed for PeopleTools or for applications that contain no COBOL programs.* If your application contains COBOL programs, you need to purchase a Micro Focus COBOL compiler for non-mainframe platforms, or an IBM Enterprise COBOL for OS/390 and z/OS compiler for z/OS platforms.
- Note.** If you have licensed Global Payroll Core or Absence Management, you need an NT Process Scheduler to run the Packager Utilities. Please refer to Task 1-6 Install Notes for Absence Management and/or Global Payroll Core in *PeopleSoft Enterprise 9.0 HRMS and Campus Solutions Application Supplemental Installation* for information on how this Process Scheduler is to be used. Please refer to PeopleTools Install document on how to install a Process Scheduler.

See “PeopleSoft Application COBOL Requirements,” PeopleSoft Customer Connection (Site Index, platforms supported, PeopleSoft Enterprise Platform Communications by Topic, Batch.)

- Note.** In the Required Software Packages for HRMS and Campus Solutions Applications tables, “R” indicates software required to use the corresponding HRMS or Campus Solutions application. In the Optional Software Packages for HRMS and Campus Solutions Applications tables, “O” indicates optional software packages supported by the corresponding PeopleSoft application.

#### Required Software Packages for HRMS and Campus Solutions Applications

The following table lists required software packages for HRMS and Campus Solutions applications.

	SQR	Crystal	iPlanet 4.11 or higher	Novell eDirectory 8.5 or higher	MS Active Directory	MS Word Office 97	MS Pocket PC
Absence Management	R						
Benefits Administration	R						
Campus Self Service							
Candidate Gateway	R	R					
Contributor Relations	R	R					
Directory Interface	R		R/O	R/O	R/O		
eBenefits							
eCompensation							

	SQR	Crystal	iPlanet 4.11 or higher	Novell eDirectory 8.5 or higher	MS Active Directory	MS Word Office 97	MS Pocket PC
eCompensation Manager Desktop							
eDevelopment							
Enterprise Warehouse							
ePay							
ePerformance							
eProfile	R						
EProfile Manager Desktop							
Global Payroll – Australia	R						
Global Payroll – Brazil	R	R					
Global Payroll - France	R						
Global Payroll – Germany	R						
Global Payroll – Hong Kong	R						
Global Payroll – India	R						
Global Payroll – Italy	R						
Global Payroll – Japan	R						
Global Payroll – Malaysia	R						
Global Payroll – Mexico	R						
Global Payroll - Netherlands	R	R				R	
Global Payroll – New Zealand	R						
Global Payroll – Singapore	R						
Global Payroll – Spain	R	R				R	
Global Payroll – Switzerland	R						

	SQR	Crystal	iPlanet 4.11 or higher	Novell eDirectory 8.5 or higher	MS Active Directory	MS Word Office 97	MS Pocket PC
Global Payroll – UK	R						
Global Payroll – Core	R						
Global Payroll – United States	R						
Gradebook							
Help Desk for HR							
HRMS Portal Pack							
HRMS Warehouse							
Human Resources	R (for Base Benefits)	R					
Payroll for North America	R						
Payroll Interface	R						
Pension Administration	R						
Stock Administration	R						
Student Administration	R	R					
Talent Acquisition Manager	R	R					
Time and Labor	R						R (for Mobile Time)

**Note.** COBOL is required to implement the Manage Base Benefits business process within PeopleSoft Human Resources. COBOL is not required for other business processes within PeopleSoft Human Resources.

**Note.** Microsoft Pocket PC is required for using the Mobile Time Management feature of PeopleSoft Enterprise Time and Labor. Microsoft Pocket PC is not required if not using the Mobile Time Management feature of Time and Labor.

## Optional Software Packages for HRMS and Campus Solutions Applications

The following table lists optional software packages for HRMS and Campus Solutions applications.

**Note.** The table below includes only those products that have designated optional software packages. Applications not listed do not have designated optional software packages.

	Crystal	Visio 2000	MS Word Office 97	MS Excel Office 97	Vertex	Vpmeld8.01	Kronos	Simplex	eBenx
Contributor Relations			O						
eBenefits									O
Global Payroll – Italy			O	O					
Human Resources		O	O	O	O	O (for the Netherlands)			
Pension Administration			O	O					
Student Administration			O						
Talent Acquisition Manager			O						
Time and Labor							O	O
