Release 13.2

January 2011

Copyright © 2011 Oracle and/or its affiliates. All rights reserved.

This software and related documentation are provided under a license agreement containing restrictions on use and disclosure and are protected by intellectual property laws. Except as expressly permitted in your license agreement or allowed by law, you may not use, copy, reproduce, translate, broadcast, modify, license, transmit, distribute, exhibit, perform, publish, or display any part, in any form, or by any means. Reverse engineering, disassembly, or decompilation of this software, unless required by law for interoperability, is prohibited.

The information contained herein is subject to change without notice and is not warranted to be error-free. If you find any errors, please report them to us in writing.

If this software or related documentation is delivered to the U.S. Government or anyone licensing it on behalf of the U.S. Government, the following notice is applicable:

U.S. GOVERNMENT RIGHTS Programs, software, databases, and related documentation and technical data delivered to U.S. Government customers are "commercial computer software" or "commercial technical data" pursuant to the applicable Federal Acquisition Regulation and agency-specific supplemental regulations. As such, the use, duplication, disclosure, modification, and adaptation shall be subject to the restrictions and license terms set forth in the applicable Government contract, and, to the extent applicable by the terms of the Government contract, the additional rights set forth in FAR 52.227-19, Commercial Computer Software License (December 2007). Oracle USA, Inc., 500 Oracle Parkway, Redwood City, CA 94065.

This software is developed for general use in a variety of information management applications. It is not developed or intended for use in any inherently dangerous applications, including applications which may create a risk of personal injury. If you use this software in dangerous applications, then you shall be responsible to take all appropriate fail-safe, backup, redundancy, and other measures to ensure the safe use of this software. Oracle Corporation and its affiliates disclaim any liability for any damages caused by use of this software in dangerous applications.

Oracle is a registered trademark of Oracle Corporation and/or its affiliates. Other names may be trademarks of their respective owners.

This software and documentation may provide access to or information on content, products, and services from third parties. Oracle Corporation and its affiliates are not responsible for and expressly disclaim all warranties of any kind with respect to third-party content, products, and services. Oracle Corporation and its affiliates will not be responsible for any loss, costs, or damages incurred due to your access to or use of third-party content, products, or services.

#### **Value-Added Reseller (VAR) Language**

##### **Oracle Retail VAR Applications**

The following restrictions and provisions only apply to the programs referred to in this section and licensed to you. You acknowledge that the programs may contain third party software (VAR applications) licensed to Oracle. Depending upon your product and its version number, the VAR applications may include:

- (i) the **MicroStrategy** Components developed and licensed by MicroStrategy Services Corporation (MicroStrategy) of McLean, Virginia to Oracle and imbedded in the MicroStrategy for Oracle Retail Data Warehouse and MicroStrategy for Oracle Retail Planning & Optimization applications.
- (ii) the **Wavelink** component developed and licensed by Wavelink Corporation (Wavelink) of Kirkland, Washington, to Oracle and imbedded in Oracle Retail Mobile Store Inventory Management.
- (iii) the software component known as **Access Via**™ licensed by Access Via of Seattle, Washington, and imbedded in Oracle Retail Signs and Oracle Retail Labels and Tags.
- (iv) the software component known as **Adobe Flex**™ licensed by Adobe Systems Incorporated of San Jose, California, and imbedded in Oracle Retail Promotion Planning & Optimization application.

You acknowledge and confirm that Oracle grants you use of only the object code of the VAR Applications. Oracle will not deliver source code to the VAR Applications to you. Notwithstanding any other term or condition of the agreement and this ordering document, you shall not cause or permit alteration of any VAR Applications. For purposes of this section, "alteration" refers to all alterations, translations, upgrades, enhancements, customizations or modifications of all or any portion of the VAR Applications including all reconfigurations, reassembly or reverse assembly, re-engineering or reverse engineering and recompilations or reverse compilations of the VAR Applications or any derivatives of the VAR Applications. You acknowledge that it shall be a breach of the agreement to utilize the relationship, and/or confidential information of the VAR Applications for purposes of competitive discovery.

The VAR Applications contain trade secrets of Oracle and Oracle's licensors and Customer shall not attempt, cause, or permit the alteration, decompilation, reverse engineering, disassembly or other reduction of the VAR Applications to a human perceivable form. Oracle reserves the right to replace, with functional equivalent software, any of the VAR Applications in future releases of the applicable program.

## Send Us Your Comments

Oracle Retail Trade Management, Release 13.2

Oracle welcomes customers' comments and suggestions on the quality and usefulness of this document.

Your feedback is important, and helps us to best meet your needs as a user of our products. For example:

- Are the implementation steps correct and complete?
- Did you understand the context of the procedures?
- Did you find any errors in the information?
- Does the structure of the information help you with your tasks?
- Do you need different information or graphics? If so, where, and in what format?
- Are the examples correct? Do you need more examples?

If you find any errors or have any other suggestions for improvement, then please tell us your name, the name of the company who has licensed our products, the title and part number of the documentation and the chapter, section, and page number (if available).

---

---

**Note:** Before sending us your comments, you might like to check that you have the latest version of the document and if any concerns are already addressed. To do this, access the Online Documentation available on the Oracle Technology Network Web site. It contains the most current Documentation Library plus all documents revised or released recently.

---

---

Send your comments to us using the electronic mail address: [retail-doc\\_us@oracle.com](mailto:retail-doc_us@oracle.com)

Please give your name, address, electronic mail address, and telephone number (optional).

If you need assistance with Oracle software, then please contact your support representative or Oracle Support Services.

If you require training or instruction in using Oracle software, then please contact your Oracle local office and inquire about our Oracle University offerings. A list of Oracle offices is available on our Web site at <http://www.oracle.com>.

---

# Preface

The Oracle Retail Trade Management User Guide describes the application user interface and how to navigate through it.

## Audience

This User Guide is for users and administrators of Oracle Retail Trade Management. This includes merchandisers, buyers, business analysts, and administrative personnel.

## Related Documents

For more information, see the following documents in the Oracle Retail Trade Management Release 13.2 documentation set:

- *Oracle Retail Merchandising System Release Notes*
- *Oracle Retail Merchandising System Installation Guide*
- *Oracle Retail Merchandising System User Guide and Online Help*

## Customer Support

To contact Oracle Customer Support, access My Oracle Support at the following URL:

<https://support.oracle.com>

When contacting Customer Support, please provide the following:

- Product version and program/module name
- Functional and technical description of the problem (include business impact)
- Detailed step-by-step instructions to re-create
- Exact error message received
- Screen shots of each step you take

## Review Patch Documentation

When you install the application for the first time, you install either a base release (for example, 13.2) or a later patch release (for example, 13.2.1). If you are installing the base release, additional patch, and bundled hot fix releases, read the documentation for all releases that have occurred since the base release before you begin installation. Documentation for patch and bundled hot fix releases can contain critical information related to the base release, as well as information about code changes since the base release.

## Oracle Retail Documentation on the Oracle Technology Network

Documentation is packaged with each Oracle Retail product release. Oracle Retail product documentation is also available on the following Web site:

[http://www.oracle.com/technology/documentation/oracle\\_retail.html](http://www.oracle.com/technology/documentation/oracle_retail.html)

(Data Model documents are not available through Oracle Technology Network. These documents are packaged with released code, or you can obtain them through My Oracle Support.)

Documentation should be available on this Web site within a month after a product release.

## Conventions

The following text conventions are used in this document:

Convention	Meaning
<b>boldface</b>	Boldface type indicates graphical user interface elements associated with an action, or terms defined in text or the glossary.
<i>italic</i>	Italic type indicates book titles, emphasis, or placeholder variables for which you supply particular values.
<code>monospace</code>	Monospace type indicates commands within a paragraph, URLs, code in examples, text that appears on the screen, or text that you enter.

---

# Harmonized Tariff Schedules

## Maintain Harmonized Tariff Schedule

The harmonized tariff schedule for an import country can be stored and accessed online. It provides the tariff rates and statistical categories for imported merchandise. By means of an HTS batch program, the data can be updated as new files are released by the customs agencies. The data can also be maintained manually.

You can maintain the following information in the HTS module:

- HTS headings
- Heading restraints
- Quota categories
- HTS classifications

Generally, HTS classifications are updated from files received from the customs agency. These classifications can be updated manually.

You can associate the HTS classifications and assessments with items or items on purchase orders.

- [Add a Quota Category](#)
- [Add a Conditional Tariff Treatment at the Item Level](#)
- [Delete a Quota Category](#)
- [Delete a Conditional Tariff Treatment at the Item Level](#)
- [Edit a Restraint for an HTS Heading](#)
- [Edit a Tariff Treatment at the Country Level](#)
- [Edit an Assessment for an Item](#)
- [Edit an Assessment for an Item on a Purchase Order](#)
- [Edit an HTS Heading](#)

## HTS Details Window [itemhts]

The HTS Details window allows you to view the details of an HTS classification that is associated with an item.

## HTS Heading Maintenance Window [htshead]

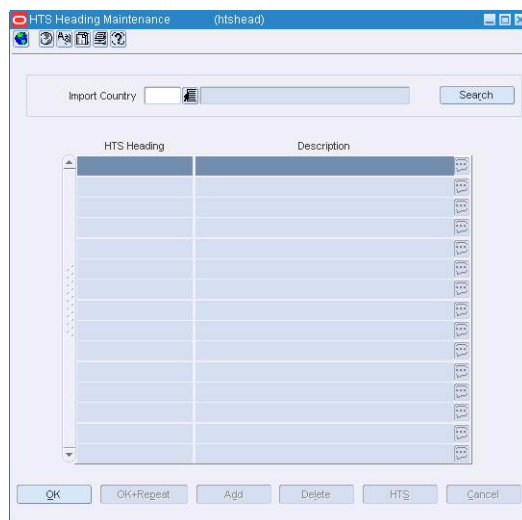

The HTS Heading Maintenance window allows you to edit and view the headings of a harmonized tariff schedule.

- [Edit an HTS Heading.](#)

### Edit an HTS Heading

Navigate: From the main menu, select **Control > Landed Cost > HTS Maintenance > HTS Heading Maintenance > Edit**. The HTS Heading Maintenance window opens.

**Figure 1–1 HTS Heading Maintenance Window**

1. Select an Import Country and click Search. The HTS Heading list box populates with the matching items.
2. Select an item and edit the description as necessary.
3. To add an HTS heading:
  - a. Click **Add**. The next available line is enabled.
  - b. In the **HTS Heading** field, enter the number of the HTS heading.
  - c. In the **Description** field, enter the description of the HTS heading.
  - d. To enter additional comments, click the comments button.
4. To delete an HTS heading:
  - a. Select an HTS heading and click **Delete**.
  - b. When prompted to delete the record, click **Yes**.
5. Click **OK** to save your changes and close the window.

## Harmonized Tariff Schedule Window [hts]

The Harmonized Tariff Schedule window allows you to create, edit, and view an HTS classification.

- [Create an HTS Classification](#)
- [Delete an HTS Classification](#)

- [Edit an HTS Classification](#)
- [View an HTS Classification](#)

## Edit a Restraint for an HTS Heading

Navigate: From the main menu, select **Control > Landed Cost > HTS Maintenance > HTS Heading Maintenance > Edit**. The HTS Heading Maintenance window opens. Select an Import Country and click **Search**.

Select an HTS heading. From the **Options** menu, select **HTS Heading Restraints**. The HTS Heading Restraints window opens.

**Figure 1–2 HTS Heading Restraints Window**

1. Select a Country of Sourcing, Type, Restraint Description, Quantity, and all other required fields.
2. Click **Apply** to complete the edit.
3. To add a restraint:
  - a. Click **Add**. The fields in the Apply area are cleared.
  - b. Enter the details in the Apply area.
  - c. Click **Apply**. The restraint is added to the table.
4. To delete a restraint:
  - a. Select a restraint and click **Delete**.
  - b. When prompted to delete the record, click **Yes**.
5. Click **OK** to save your changes and close the window.

## Delete an HTS Classification

Navigate: From the main menu, select **Control > Landed Cost > HTS Maintenance > HTS**. The HTS Selection window opens.

Search for and retrieve an HTS classification in **Edit** mode and select an Importing Country. The details appear in the Harmonized Tariff Schedule window.

**Figure 1–3 Harmonized Tariff Schedule Window**

1. Click **Delete**.
2. When prompted to delete the record, click **Yes**.
3. Click **OK** to save your changes and close the window.

## HTS Anti-Dumping Duties Window [htsad]

The HTS Anti-Dumping Duties window allows you to add and maintain the anti-dumping duties that are associated with an HTS classification.

- [Edit an HTS Classification](#)

## HTS Heading Restraints Window [htscres]

The HTS Heading Restraints window allows you to edit and view the restraints applied at the heading level of the harmonized tariff schedule. The most common restraints are quota levels.

- [Edit a Restraint for an HTS Heading](#)

## View HTS Classifications for an Item

Navigate: From the main menu, select **Items > Items**. The Item Search window opens. Search for and retrieve an item in View mode. The Item Maintenance window opens. Click on the HTS option. The Item HTS Maintenance window opens.

1. To view the cost components for an HTS classification:
  - a. Select an HTS classification and click **Assessments**. The cost components appear in the Item HTS Assessment Maintenance window.
  - b. Click **OK** to close window.
2. To view the details of an HTS classification:
  - a. Select an HTS classification and click **HTS Details**. The details appear in the HTS Details window.
  - b. Click **OK** to close the window.
3. Click **OK** to close the window.

## View an HTS Classification

From the main menu, select **Control > Landed Cost > HTS Maintenance > HTS**. The HTS Selection window opens.

Search for and retrieve an HTS classification in View mode and select an Importing Country. The Harmonized Tariff Schedule window opens.

Click **OK** to close the window.

## View an HTS Heading

Navigate: From the main menu, select **Control > Landed Cost > HTS Maintenance > HTS Heading Maintenance > View**. The HTS Heading Maintenance window opens. Select an Import Country and click **Search**.

Click **OK** to close the window.

## View HTS Classifications for an Item on a Purchase Order

Navigate: From the main menu, select **Ordering > Orders**. The Order Selection window opens.

Search for and retrieve a purchase order in View mode. The purchase order must be an import type purchase order. The PO Header Maintenance window opens.

Click **Items**. The Item Maintenance window opens. Select an item.

From the Options menu, select **HTS**. The Order Item HTS Maintenance window opens.

1. To view the details of an HTS classification:
  - a. Select an HTS classification and click the **HTS Details** button. The HTS Details window opens.
  - b. Click **Close** to close the window.
2. Click **OK** to close the window.

## HTS Countervailing Duties Window [htscvd]

The HTS Countervailing Duties window allows you to add and maintain the countervailing duties that are associated with an HTS classification.

- [Edit an HTS Classification](#)
- [View an HTS Classification](#)

## HTS Fee Window [htsfee]

The HTS Fee window allows you to add and maintain the fees that are associated with an HTS classification.

- [Edit an HTS Classification](#)
- [View an HTS Classification](#)

## HTS Other Government Agencies Window [htsoga]

The HTS Other Government Agencies window allows you to add and maintain the requirements from other government agencies that have jurisdiction over an HTS classification.

- [Edit an HTS Classification](#)
- [View an HTS Classification](#)

## HTS Reference Window [htsref]

The HTS Reference window allows you to add and maintain user-defined references that are associated with an HTS classification.

- [Edit an HTS Classification](#)
- [View an HTS Classification](#)

## HTS Fee Zone Rates Window [htsfeezone]

The HTS Fee Zone Rates window allows the user to set up fee rates by clearing zone for the HTS code.

- [Add HTS Fee Zone Rates](#)
- [Edit HTS Fee Zone Rates](#)
- [Delete HTS Fee Zone Rates](#)

## Add HTS Fee Zone Rates

Navigate: From the main menu, select Control > Landed Cost > HTS Maintenance > HTS. The HTS Selection window opens.

Search for and retrieve an HTS classification in Edit mode and select an Importing Country. The Harmonized Tariff Schedule window opens.

**Figure 1–4 Harmonized Tariff Schedule Window**

OK Add Delete Cancel

4. In the Clearing Zone column, click the LOV button to select a zone.

5. In the Specific Rate field, update the rate.
6. In the AV Rate field, update the rate.
7. Click OK to save your changes and close the window.

## Delete HTS Fee Zone Rates

Navigate: From the main menu, select Control > Landed Cost > HTS Maintenance > HTS. The HTS Selection window opens.

Search for and retrieve an HTS classification in Edit mode and select an Importing Country. The Harmonized Tariff Schedule window opens.

**Figure 1–10 Harmonized Tariff Schedule Window**

1. From the Option menu, select Fees. The HTS Fee window opens.

**Figure 1–11 HTS Fee Window**

Fee Type	Code	Specific Rate	AV Rate

2. Select an item from the table.
3. Click Zone Rates. The HTS Fee Zone Rates window opens.

**Figure 1–12 HTS Fee Zones Window**

4. Select the Clearing Zone that you want to delete
5. Click Delete.
6. Click OK to save your changes and close the window.

## HTS Tax Zone Rates Window [htstaxzone]

The HTS Fee Zone Rates window allows the user to set up tax rates by clearing zone for the HTS code.

- [Add HTS Tax Zone Rates](#)
- [Edit HTS Tax Zone Rates](#)
- [Delete HTS Tax Zone Rates](#)

## Add HTS Tax Zone Rates

Navigate: From the main menu, select Control > Landed Cost > HTS Maintenance > HTS. The HTS Selection window opens.

Search for and retrieve an HTS classification in Edit mode and select an Importing Country. The Harmonized Tariff Schedule window opens.

1. From the Option menu, select Taxes. The HTS Taxes window opens.

**Figure 1-14 HTS Taxes Window**

2. Select an item from the table.
3. Click Zone Rates. The HTS Taxes Zone Rates window opens.

**Figure 1–15 HTS Taxes Zones Window**

The screenshot shows the 'HTS Tax Zone Rates' window. At the top, there are input fields for HTS (0101.90.2000), Importing Country (US), Effect From (01-AUG-2006), Effect To (31-DEC-2039), Tax Type (A), and Tax Comp Code (2). Below these fields is a table with four columns: Clearing Zone, Description, Specific Rate, and AV Rate. The table is currently empty. At the bottom of the window are buttons for OK, Add, Delete, and Cancel.

Clearing Zone	Description	Specific Rate	AV Rate

4. Click Add.
5. In the Clearing Zone column, enter a zone or click the LOV button to select a zone.
6. In the Specific Rate field, enter a rate.
7. In the AV Rate field, enter a rate.
8. Click OK to save your changes and close the window.

## Edit HTS Tax Zone Rates

Navigate: From the main menu, select Control > Landed Cost > HTS Maintenance > HTS. The HTS Selection window opens.

Search for and retrieve an HTS classification in Edit mode and select an Importing Country. The Harmonized Tariff Schedule window opens.

## HTS Selection Window [htsfind]

The HTS Selection window allows you to enter criteria in order to search for harmonized tariff schedule (HTS) classifications and view the results of the search. It is also the starting point for creating, editing, or viewing an HTS classification.

- [Search for an HTS Classification](#)

The default view for the HTS Selection window opens when you open the window for the first time. You can also create a custom view.

## HTS Tariff Treatment Window [htstar]

The HTS Tariff Treatment window allows you to add and maintain the tariff treatments that are associated with an HTS classification. In addition to maintaining the tariff treatment, you can indicate which origin countries are excluded from the tariff treatment.

- [Edit an HTS Classification](#)

## View Tariff Treatments at the Country Level

Navigate: From the main menu, select **Control > Setup > Country > View**. The Country Maintenance window opens. Select a country.

From the Options menu, select Tariff Treatments. The Country Tariff Treatment window opens.

- Click **OK** to close the window.

## View Tariff Treatments at the Item Level

Navigate: From the main menu, select **Items > Items**. The Item Search window opens.

Search for and retrieve an item in View mode. The Item Maintenance window opens.

Click on the Eligible Tariff Treatments option. The Item Eligible Tariff Treatment window opens.

- Click **OK** to close the window.

## Add a Conditional Tariff Treatment at the Item Level

Navigate: From the main menu, select **Items > Items**. The Item Search window is displayed.

Search for and retrieve an item in **Edit** mode. The Item Maintenance window opens.

Select the **Eligible Tariff Treatments** option. The current tariff treatments appear in the Item Eligible Tariff Treatment window.

**Figure 1–31 Item Eligible Tariff Treatment Window**

1. Click **Add**. The next available line is enabled.
2. In the **Tariff Treatment** field, click the **LOV** button and select the appropriate tariff treatment.
3. Click **OK** to save your changes and close the window.

### Edit a Tariff Treatment at the Country Level

Navigate: From the main menu, select **Control > Setup > Country > Edit**. The Country Maintenance window opens. Select a country.

From the **Options** menu, select **Tariff Treatments**. The Country Tariff Treatment window opens.

**Figure 1–32 Country Tariff Treatment Window**

The screenshot shows a software window titled "Country Tariff Treatment (cnttarr)". At the top, there's a menu bar with icons for file operations (like Open, Save, Print) and help. Below the menu bar, there are two input fields: "Country" with "US" selected and "United States" displayed next to it. The main area contains a table with four columns: "Tariff Treatment", "Description", "Effective From Date", and "Effective To Date". The first row has values "C1", "Column 1 C1", "01-JAN-1998", and "31-DEC-2005". The second row has "C2", "Column 2 C2", "01-JAN-1998", and "31-DEC-2005". There are several small icons in each row, likely for editing or deleting entries. At the bottom, there are four buttons: "OK", "Add", "Delete", and "Cancel".

1. Edit the **Effective To Date** field as necessary.
2. To add a tariff treatment:
  - a. Click **Add**. The next available line is enabled.
  - b. In the **Tariff Treatment** field, enter the code the tariff treatment, or click the **LOV** button and select the tariff.
  - c. In the **Effective From Date** field, enter the date on which the tariff treatment becomes effective, or click the calendar button and select the date.
  - d. In the **Effective To Date** field, enter the date on which the tariff treatment is no longer effective, or click the calendar button and select the date.
3. To delete a tariff treatment:
  - a. Select a tariff treatment and click **Delete**.
  - b. When prompted to delete the record, click **Yes**.
4. Click **OK** to save your changes and close the window.

## View Quota Categories

Navigate: From the main menu, select **Control > Landed Cost > HTS Maintenance > Quota Category > View**. The Quota Categories window opens.

1. In the Importing Country field, enter the code for the import country, or click the LOV button and select the import country.

2. Click OK to close the window.

## View Restraints for an HTS Heading

Navigate: From the main menu, select **Control > Landed Cost > HTS Maintenance > HTS Heading Maintenance > Edit**. The HTS Heading Maintenance window opens. Select an Import Country and click **Search**.

Select an HTS heading. From the Options menu, select HTS Heading Restraints. The HTS Heading Restraints window opens. The current restraints for the country appear.

- Click **OK** to close the window.

## HTS Tax Window [htstax]

The HTS Tax window allows you to add and maintain the taxes that are associated with an HTS classification.

- [Edit an HTS Classification](#)

## Item HTS Assessment Maintenance Window [itassess]

The Item HTS Assessment Maintenance window allows you to maintain the assessments that are associated with an item. The assessments are calculated at the item, origin country, import country level.

Assessment cost components include duties, fees, and taxes a retailer must pay in order to bring their goods into a particular country of import. The rates associated with each assessment are determined by the HTS classification. Assessments differ from expenses in that they are defined by a government agency. To view which calculations in which a particular assessment is included, select Nomination Flags from the View menu.

- [Edit an Assessment for an Item](#)

## Edit an Assessment for an Item

Navigate: From the main menu, select **Items> Items**. The Item Search window opens.

Search for and retrieve an item in **Edit** mode. The Item Maintenance window opens.

Click the HTS option. The Item HTS Maintenance window opens.

Select an HTS classification and click **Assessments**. The Item HTS Assessment Maintenance window opens.

**Figure 1–33 Item HTS Assessment Maintenance Window**

Item HTS Assessment Maintenance (itassess)

Item: 100243026 np\_parent1:Red

Component	Component Description	Computation Value Base	Calculation Basis	Component Rate	Per Count	Per Count UOM	Estimated Value

Ok Add Recalculate Delete Cancel

1. Edit the assessment details as necessary.
2. To add an assessment:
  - a. Click **Add**. The next available line is enabled.
  - b. In the **Component** field, enter the code for the cost component, or click the **LOV** button and select the cost component.
  - c. Enter additional information in the enabled fields.
  - d. From the **View** menu, select **Nomination Flags**. The Nomination Flags appear in the table.
  - e. In the **Nomination Flag** fields, the value of the Nomination Flags indicate if the cost component is added to (+), subtracted from (-), or not included (N/A) in the calculation of another cost component's value. Each flag represents a specific calculation. The In Duty nomination flag is used to determine which components are part of the calculation of Total Duty. The In Exp nomination flag is used to determine which components are part of the calculation of Total Expense. The In ALC flag is used for cost components for which the retailer does not expect to receive a invoice, but the retailer still wants the value included in the calculation of Actual Landed Cost.
  - f. Select **N/A** if the assessment is not included in the calculation of total assessments and estimated landed costs.
  - g. Select **+** (plus sign) to add the assessment to the total.
  - h. Select **-** (minus sign) to subtract the assessment from the total.
  - i. Click **Recalculate** to update the estimated values.
3. To delete an assessment:
  - a. Select an assessment and click **Delete**.
  - b. When prompted to delete the record, click **Yes**.

- c. Click **OK** to save your changes and close the window.

## Edit an Assessment for an Item on a Purchase Order

Navigate: From the main menu, select **Ordering > Orders**. The Order Selection window opens.

Search for and retrieve a purchase order in **Edit** mode. Restrict the search to import orders in Worksheet status. The PO Header Maintenance window opens.

Click **Items**. The Item Maintenance window opens. Select an item.

From the **Options** menu, select **HTS**. The Order Item HTS Maintenance window opens.

Select an HTS classification in the HTS Information table. The Assessment Details table opens.

1. Edit the assessments as necessary.
2. To add an assessment:
  - a. Select an HTS classification. The current assessments appear in the Assessment Details table.
  - b. Click **Add Comp Details**. The next available line is enabled.
  - c. In the **Component** field, enter the code for the cost component, or click the **LOV** button and select the cost component.
  - d. Enter additional information in the enabled fields.
  - e. From the **View** menu, select **Nomination Flag**. The Nomination Flag fields appear in the Assessment Details table.
  - f. In the **Nomination Flag** fields, the value of the Nomination Flags indicate if the cost component is added to (+), subtracted from (-), or not included (N/A) in the calculation of another cost component's value. Each flag represents a specific calculation. The In Duty nomination flag is used to determine which components are part of the calculation of Total Duty. The In Exp nomination flag is used to determine which components are part of the calculation of Total Expense. The In ALC flag is used for cost components for which the retailer does not expect to receive an invoice, but the retailer still wants the value included in the calculation of Actual Landed Cost.
  - g. Select **N/A** if the assessment is not included in the calculation of total assessments and estimated landed costs.
  - h. Select **+** (plus sign) to add the assessment to the total.
  - i. Select **-** (minus sign) to subtract the assessment from the total.
  - j. Click **Recalculate** in order to update the values.
3. To delete an assessment:
  - a. Select an HTS classification. The current assessments appear in the Assessment Details table.
  - b. Select an assessment and click **Delete Comp Details**.
  - c. When prompted to delete the record, click **Yes**.
4. Click **OK** to save your changes and close the window.

## View Assessments for an Item

- Navigate: From the main menu, select **Items > Items**. The Item Search window opens.
- Search for and retrieve an item in View mode. The Item Maintenance window opens.
- Click on the HTS option. The Item HTS Maintenance window opens.
- Select an HTS classification and click **Assessments**. The Item HTS Assessment Maintenance window opens.
- Click **OK** to close the window.

## View Assessments for an Item on a Purchase Order

- Navigate: From the main menu, select **Ordering > Orders**. The Order Selection window opens.
- Search for and retrieve an import purchase order in View mode. The PO Header Maintenance window opens.
- Click **Items**. The Item Maintenance window opens. Select an item.
- From the Options menu, select HTS. The Order Item HTS Maintenance window opens.
- Select an HTS classification. The assessments appear in the Assessment Details table.
- Click **OK** to close the window.

## Quota Categories Window [quotacat]

The Quota Categories window allows you to edit and view quota categories by import country. Customs agencies group items with related characteristics into quota categories. Restrictions can then be placed on the category rather than on individual items.

- [Add a Quota Category](#)
- [Delete a Quota Category](#)

## Add a Quota Category

Navigate: From the main menu, select **Control > Landed Cost > HTS Maintenance > Quota Category > Edit**. The Quota Categories window opens.

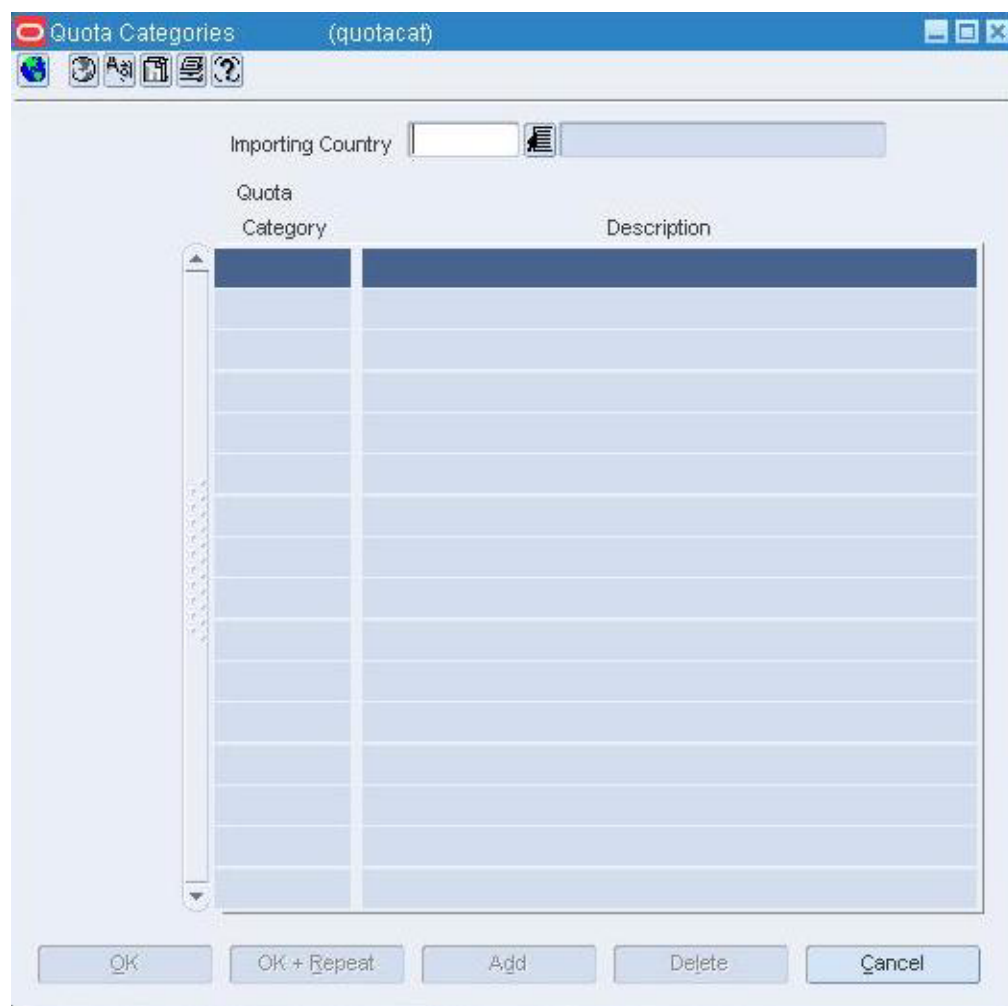

**Figure 1–34 Quota Categories Window**

The screenshot shows a window titled "Quota Categories (quotacat)". At the top, there is a toolbar with icons for file operations. Below the toolbar is a field labeled "Importing Country" with a text input and a list-of-values (LOV) button. Below this is a table with two columns: "Quota Category" and "Description". The table has a vertical scrollbar on the left. At the bottom of the window are five buttons: "OK", "OK + Repeat", "Add", "Delete", and "Cancel".

1. In the **Importing Country** field, enter the code for the import country, or click the **LOV** button and select the import country.
2. Click **Add**. The next available line becomes enabled.
3. In the **Quota Category** field, enter the ID of the quota category.
4. In the **Description** field, enter the description of the quota category.
5. Click **OK** to save your changes and close the window.

## Delete a Quota Category

Navigate: From the main menu, select **Control > Landed Cost > HTS Maintenance > Quota Category > Edit**. The Quota Categories window opens.

**Figure 1–35 Quota Categories Window**

1. In the **Importing Country** field, enter the code for the import country, or click the **LOV** button and select the import country.
2. Select a quota category and click **Delete**.
3. When prompted to delete the record, click **Yes**.
4. Click **OK** to save your changes and close the window.

### Delete a Conditional Tariff Treatment at the Item Level

Navigate: From the main menu, select **Items > Items**. The Item Search window is displayed.

Search for and retrieve an item in **Edit** mode. The Item Maintenance window opens.

Click on the **Eligible Tariff Treatments** option. The current tariff treatments appear in the Item Eligible Tariff Treatment window.

**Figure 1–36 Item Eligible Tariff Treatment Window**

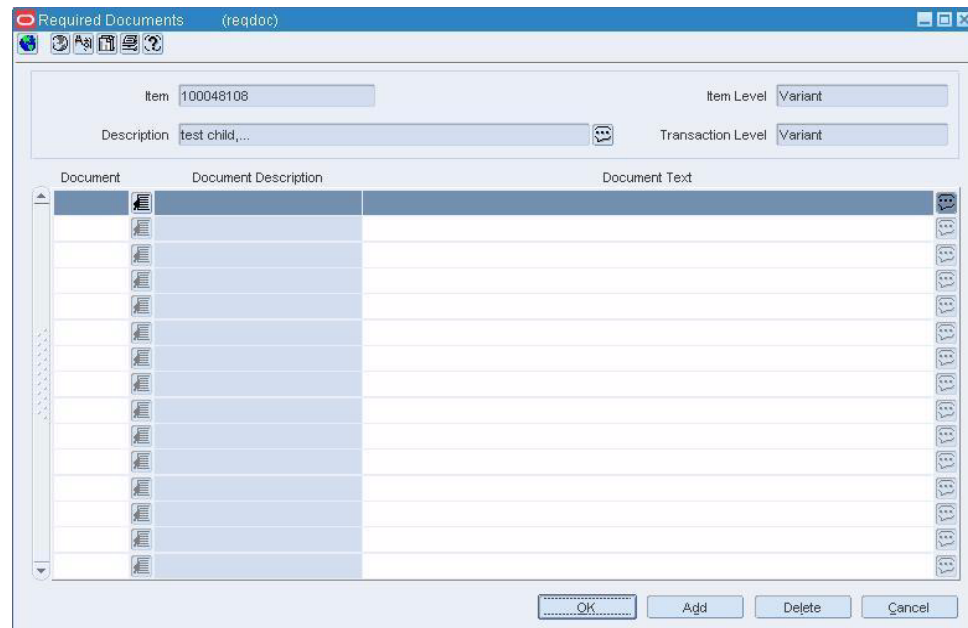

1. Select a tariff treatment and click **Delete**.
2. When prompted to delete the record, click **Yes**.
3. Click **OK** to save your changes and close the window.

### Delete a Required Document from an HTS Heading

Navigate: From the main menu, select **Control > Landed Cost > HTS Maintenance > HTS Heading Maintenance > Edit**. The HTS Heading Maintenance window opens. Select an Import Country and click **Search**.

Select an HTS heading.

From the Options menu, select **HTS Heading Documents**. The Required Documents window opens.

**Figure 1–37 Required Documents Window**

1. Select a document and click **Delete**.
2. When prompted to delete the document, click **Yes**.
3. Click **OK** to save your changes and close the window.

## View Non-Merchandise Codes

Navigate: From the main menu, select **Control > Setup > Non-Merchandise Codes > View**. The Non-Merchandise Codes Maintenance window opens.

1. View codes.
2. Click **OK** to close the window.

## Create Harmonized Tariff Schedule Classifications

The harmonized tariff schedule for an import country can be stored and accessed online. It provides the tariff rates and statistical categories for imported merchandise. By means of an HTS batch program, the data can be updated as new files are released by the customs agencies. The data can also be maintained manually.

You can maintain the following information in the HTS module:

- HTS headings
- Heading restraints
- Quota categories
- HTS classifications

Generally, HTS classifications are updated from files received from the customs agency. These classifications can be updated manually.

- [Create an HTS Classification](#)
- [Approve an HTS Classification for an Item](#)

- [Approve an HTS Classification for an Item on a Purchase Order](#)
- [Delete an HTS Classification](#)
- [Edit an HTS Classification](#)
- [Edit an HTS Classification for an Item](#)
- [Edit Details for an HTS Classification](#)
- [Search for an HTS Classification](#)

## Create an HTS Classification

Navigate: From the main menu, select **Control > Landed Cost > HTS Maintenance > HTS**. The HTS Selection window opens.

1. In the **Action** field, select **New**.
2. In the **Importing Country** field, enter the code for the import country, or click the **LOV** button and select the import country.
3. Click **OK**. The Harmonized Tariff Schedule window opens.

**Figure 1–38 Harmonized Tariff Schedule Window**

4. In the **HTS** field, enter the number of the classification.
5. In the **HTS Description** field, enter the description of the HTS classification. For extensive descriptions, click the comments button and enter the description.
6. In the **Effect From** and **Effect To** fields, enter the effective dates, or click the calendar buttons and select the dates.
7. In the **Duty Comp Code** field, enter the code for the duty calculation, or click the **LOV** button and select the duty calculation.
8. In the **Units** field, enter the number of units of measure that you want to define for the HTS classification.
9. In the **Unit 1 UOM**, **Unit 2 UOM**, and **Unit 3 UOM** fields, enter the codes for the applicable units of measure, or click the **LOV** buttons and select the units of measure.
10. Enter any additional information as necessary.
11. Click **OK** to save your changes and close the window.

## Edit an HTS Classification

Navigate: From the main menu, select Control > Landed Cost > HTS Maintenance > HTS. The HTS Selection window opens.

Search for and retrieve an HTS classification in Edit mode and select an Importing Country. The Harmonized Tariff Schedule window opens.

**Figure 1–39 Harmonized Tariff Schedule Window**

1. Edit the enabled fields as necessary.
2. To edit additional information for a classification, select the appropriate option from the **Options** menu.
3. Edit the enabled fields as necessary.
4. Click **OK** to save your changes and close the window.

## Edit Details for an HTS Classification

Navigate: From the main menu, select Control > Landed Cost > HTS Maintenance > HTS. The HTS Selection window opens.

Search for and retrieve an HTS classification in Edit mode and select an Importing Country. The Harmonized Tariff Schedule window opens.

**Figure 1–40 Harmonized Tariff Schedule Window**

### Edit Countervailing Duty Details

- From the Options menu, select Countervailing Duties. The current countervailing duties appear in the HTS Countervailing Duties window.

**Figure 1–41 HTS Countervailing Duties Window**

HTS: 6210.12.1234 MSOB Hts2

Importing Country: US United States

Effect From: 29-NOV-2007 Effect To: 27-NOV-2008

Origin Country	Case No.	Mfg. ID	Shipper ID	Supplier Site	Rate	Related Case No.	Effective Export Date
US	1	12	1	1111111112	10.0	12	29-NOV-2007

OK Add Delete Cancel

- Edit the enabled fields as necessary.
- To add a countervailing duty:
  - Click **Add**.
  - Enter the details on the next available line.
- To delete a countervailing duty:
  - Select a countervailing duty and click **Delete**.
  - When prompted to delete the record, click **Yes**.
- Click **OK** to exit the HTS Countervailing Duties window.

### Edit The Current Fee Details

- From the **Options** menu, select **Fees**. The current fees appear in the HTS Fee window.

**Figure 1-42 HTS Fee Window**

[illegible]

2. Edit the enabled fields as necessary.
3. To add a fee:
  - a. Click **Add**.
  - b. Enter the details on the next available line.
4. To delete a fee:
  - a. Select a fee and click **Delete**.
  - b. When prompted to delete the record, click **Yes**.
5. Click **OK** to exit the HTS Fee window.

## Edit The Reference Details

1. From the **Options** menu, select **References**. The current references appear in the HTS Reference window.

**Figure 1–43 HTS Reference Window**

The screenshot shows the 'HTS Reference' window with the following fields and controls:

- HTS:** 6210.12.1234 MSOB Hts2
- Importing Country:** US United States
- Effect From:** 29-NOV-2007
- Effect To:** 27-NOV-2008
- Reference Table:**

Reference ID	Reference
- Buttons:** OK, Add, Delete, Cancel

2. Edit the Reference field as necessary.
3. To add a reference:
  - a. Click **Add**.
  - b. Enter the information on the next available line.
4. To delete a reference:
  - a. Select a reference and click **Delete**.
  - b. When prompted to delete the record, click **Yes**.
5. Click **OK** to exit the HTS Reference window.

### Edit The Tariff Treatment Details

1. From the **Options** menu, select **Tariff Treatments**. The current tariff treatments appear in the HTS Tariff Treatment window.

**Figure 1–44 HTS Tariff Treatment Window**

The screenshot shows the 'HTS Tariff Treatment' window. At the top, there are fields for 'HTS' (0101.90.2000), 'Importing Country' (US, United States), 'Effect From' (01-AUG-2006), and 'Effect To' (31-DEC-2039). Below these is a table with columns: Tariff Treatment, Description, Specific Rate, Ad Valorem Rate, and Other Rate. The table contains several rows, including 'Generalized System of P', 'Australian Free Trade Ag', 'Bahrain Special Rate BH', 'Column 1 C1', 'Column 2 C2', 'NAFTA for Canada CA', and 'Chile Free Trade Agreem'. Below the table are 'Add Treatment' and 'Delete Treatment' buttons. At the bottom, there is an 'Excluded Country' section with a table for 'Excluded Country' and 'Description', and 'Add Exclusion' and 'Delete Exclusion' buttons. At the very bottom are 'OK', 'Zone Rates', and 'Cancel' buttons.

Tariff Treatment	Description	Specific Rate	Ad Valorem Rate	Other Rate
A+	Generalized System of P	0.0	0.0	0.0
AU	Australian Free Trade Ag	0.0	3.4	0.0
BH	Bahrain Special Rate BH	0.0	0.0	0.0
C1	Column 1 C1	0.0	6.8	0.0
C2	Column 2 C2	0.0	15.0	0.0
CA	NAFTA for Canada CA	0.0	0.0	0.0
CL	Chile Free Trade Agreem	0.0	0.0	0.0

2. Edit the enabled fields as necessary.
3. To add a tariff treatment:
  - a. Click **Add Treatment**.
  - b. Enter the details on the next available line.
4. To exclude an origin country from the tariff treatment:
  - a. Select a tariff treatment.
  - b. Click **Add Exclusion**.
5. In the **Excluded Country** field, enter the code for the country, or click the **LOV** button and select the country.
6. To delete an excluded country from the tariff treatment:
  - a. Select a tariff treatment.
  - b. Select an excluded country and click **Delete Exclusion**.
  - c. When prompted to delete the record, click **Yes**.
7. To delete a tariff treatment:
  - a. Select a tariff treatment and click **Delete Treatment**.
  - b. When prompted to delete the record, click **Yes**.
8. Click **OK** to save your changes and close the window.

### Edit the Anti-Dumping Duty Details

1. From the **Options** menu, select **Anti-Dumping Duties**. The current anti-dumping duties appear in the HTS Anti-Dumping Duties window.

**Figure 1–46 HTS Other Government Agencies Window**

The screenshot shows the "HTS Anti-Dumping Duties" application window. The title bar includes the application name and standard Windows icons. The main interface contains several input fields:

- HTS Code:** A large field containing "0101.10.0010".
- Description:** A field containing "MALE HORSES, PUREBRED BREEDING".
- Importing Country:** Two dropdown menus, one set to "US" and another to "United States".
- Effect From:** A date field set to "12-DEC-2003".
- Effect To:** A date field set to "31-DEC-2039".

Below these fields is a table with the following columns: "Country Of Sourcing", "Mfg. ID", "Case No.", "Shipper ID", "Supplier Site", "Rate", "Related Case No.", and "Effective Export Date". The table has four rows, each with a small icon in the "Country Of Sourcing" column.

At the bottom right of the window are four buttons: "OK", "Add", "Delete", and "Cancel".

2. Edit the enabled fields as necessary.
3. To add an anti-dumping duty:
  - a. Click **Add**.
  - b. Enter the details on the next available line.
4. To delete an anti-dumping duty:
  - a. Select an anti-dumping duty and click **Delete**.
  - b. When prompted to delete the record, click **Yes**.
5. Click **OK** to save your changes and close the window.

1. From the **Options** menu, select **Other Government Agencies**. The current requirements appear in the HTS Other Government Agencies window.

HTS Other Government Agencies (htsoga)

- ## Edit the Taxes Details

- Figure 1-47 HTS Tax Window**

2. Edit the enabled fields as necessary.
3. To add a tax:
  - a. Click **Add**.
  - b. Enter the details on the next available line.

- ## Edit an HTS Classification for an Item

**Figure 1-48 Item HTS Maintenance Window**

[illegible]

1. Select an **HTS** classification and edit the status as necessary.
2. To add an **HTS** classification:
  - a. Click **Add**.
  - b. In the **Import Country** field, enter the code for the import country, or click the **LOV** button and select the import country.
  - c. In the **Quota Category** field, enter the ID of a quota category or click the **LOV** button and select the category. The quota category is optional.
  - d. In the **HTS** field, enter the **HTS** classification, or click the **LOV** button and select the **HTS** classification.
  - e. In the **Origin Country** field, enter the code for the origin country, or click the **LOV** button and select the origin country.
  - f. In the **Status** field, select **Approved**, if applicable.
  - g. Click **Apply**. The **HTS** classification is added to the **HTS** table.
3. To delete an **HTS** classification:
  - a. Select an **HTS** classification and click **Delete**.
  - b. When prompted to delete the record, click **Yes**.
4. Click **OK** to save your changes and close the window.

## Search for an HTS Classification

Navigate: From the main menu, select **Control > Landed Cost > HTS Maintenance > HTS**. The HTS Selection window opens.

**Figure 1–49 HTS Selection Window**

1. In the Action field, select either **View** or **Edit**.
2. In the **Importing Country** field, enter the code for the import country, or click the **LOV** button and select the import country.
3. Enter additional criteria as desired to make the search more restrictive.
4. Click **Search**. The HTS Selection window displays the HTS classifications that match the search criteria.
5. Select a task:
  - a. To perform another search, click **Refresh**.
  - b. To display the details of an HTS classification, select a record and click **OK**. The Harmonized Tariff Schedule window opens.

**Figure 1–50 Harmonized Tariff Schedule Window**

- c. Click **Close** to close the window.

## Approve an HTS Classification for an Item

Navigate: From the main menu, select **Items > Items**. The Item Search window is displayed.

Search for and retrieve an item in **Edit** mode. The Item Maintenance window opens.

Select the HTS option. The Item HTS Maintenance window opens.

**Figure 1–51 Item HTS Maintenance Window**

The screenshot shows the 'Item HTS Maintenance' window. At the top, there is a search bar with 'Item' and '100048100 test child...'. Below this is a table with columns: Import Country, HTS, HTS Description, Country Of Manufacture, Clearing Zone, Quota Category, Effective From Date, Effective To Date, and Status. The first row shows 'US', '2001.56.789 test ncm', 'IN', '239', '05-NOV-2008', '15-NOV-2008', and 'Approved'. Below the table, there are input fields for 'Import Country' (US), 'Quota Category' (239), 'HTS' (2001.56.789 test ncm), 'Effective From Date' (05-NOV-2008), 'Effective To Date' (15-NOV-2008), 'Country Of Manufacture' (IN), and 'Status' (Approved). There are buttons for 'Apply', 'Delete', 'OK', 'Add', 'HTS Details...', 'Assessments', and 'Cancel'.

1. Select an HTS classification.
2. In the **Status** field of the Apply area, select **Approved**.
3. Click **Apply**.
4. Click **OK** to save your changes and close the window.

## Approve an HTS Classification for an Item on a Purchase Order

Navigate: From the main menu, select **Ordering > Orders**. The Order Selection window opens.

Search for and retrieve a purchase order in **Edit** mode. Restrict the search to import orders in Worksheet status. The PO Header Maintenance window opens.

Click **Items**. The Item Maintenance window opens. Select an item.

From the **Options** menu, select **HTS**. The Order Item HTS Maintenance window opens.

Select an HTS classification in the HTS Information table. The Assessment Details table opens.

1. Select an HTS classification. The details appear in the Apply HTS area.
2. In the **Status** field, select **Approved**.
3. Click **Apply HTS**.
4. Click **OK** to save your changes and close the window.

---

## Letter of Credit

### Create Letters of Credit

Letters of credit are a widely used form of payment when dealing with imported goods. They provide importers with a secure method to pay for merchandise and vendors with a secure method to receive payment for merchandise. Letters of credit can be created and applied to purchase orders. Activity against the letter of credit can also be tracked.

The following types of letters of credit can be created:

- **Normal:** The letter of credit is applied to one purchase order.
- **Master:** The letter of credit is applied to multiple purchase orders.
- **Revolving:** Multiple purchase orders may be added to the letter of credit until the letter of credit is closed.
- **Open:** A letter of credit is created with no purchase orders. The purchase orders can be added at a later date.

You can choose from two letter of credit formats. The long form includes details at the purchase order and item level. The short form includes details at the purchase order level.

Completed applications and amendments can be transmitted to bank partners. Confirmations, drawdowns, and charges can also be received from bank partners.

- [Add a Fixed-Format Amendment to a Letter of Credit](#)
- [Add an Activity to a Letter of Credit](#)
- [Assign a Purchase Order to a Letter of Credit by Letter of Credit](#)
- [Assign a Purchase Order to a Letter of Credit by Purchase Order](#)
- [Create an Open Letter of Credit](#)
- [Delete a Purchase Order from a Letter of Credit](#)
- [Delete an Activity from a Letter of Credit](#)
- [Delete an Amendment from a Letter of Credit](#)
- [Edit a Letter of Credit](#)
- [Edit the Terms of a Letter of Credit](#)
- [Generate an Amendment to a Letter of Credit](#)

- [Print a Letter of Credit](#)
- [Print Amendments to a Letter of Credit](#)
- [Search for a Letter of Credit](#)
- [Send Letter of Credit Amendments](#)
- [Send Letter of Credit Applications](#)

## Letter of Credit Order Apply Window [lcardapp]

The Letter of Credit Order Apply window allows you to select one or more approved purchase orders and attach them to letters of credit. You can attach a purchase order to an existing letter of credit or you can create a letter of credit. If the purchase orders share the same applicant, issuing bank, beneficiary, purchase type, and title pass location, you can apply more than one to the same letter of credit.

To display information specific to errors or letters of credit, or to create a customized view, select the appropriate option from the View menu.

To display monetary amounts in the primary currency of the company or the local currency of the issuing bank, select the appropriate option from the Options > Currency menu.

- [Assign a Purchase Order to a Letter of Credit by Letter of Credit](#)

## Create an Open Letter of Credit

Navigate: From the main menu, select Finance > Payments > Letter of Credit. The Letter of Credit Find window opens.

**Figure 2–1 Letter of Credit Find Window**

---

**Note:** An open letter of credit does not require the existence of a purchase order. It can be opened to a beneficiary for a monetary amount. You can amend the open letter of credit when it is applied to a purchase order.

---

1. In the **Action** field, select **New**.
2. Click **OK**. The Letter of Credit Application Header window opens. The **LC Ref ID** is filled in automatically.

**Figure 2–2 Letter of Credit Application Header Window**

The screenshot shows the 'Letter of Credit Application Header' window. The title bar indicates the file name is 'lcapphdr'. The window is divided into several sections:

- Top Section:** Contains fields for 'LC Ref. ID' (10004900), 'LC Type' (Master), 'Currency' (USD), 'Country Of Sourcing' (USA), 'Bank LC ID', 'Form Type' (Long), 'Exchange Rate', and 'Status' (Worksheet).
- Partners:** Includes 'Applicant' and 'Beneficiary' fields.
- Banks:** Includes 'Issuing Bank', 'Bank LC Applicable Rule', 'OTHR Text', 'Advising Bank', 'Confirming Bank', 'Transferring Bank', 'Negotiating Bank', and 'Drawee' fields.
- Conditions:** Includes checkboxes for 'With Recourse', 'Transshipment', 'Transferable', and 'Partial Shipment'.
- Dates:** Includes 'Application Date' (02-JAN-2011), 'Confirmation Date', 'Earliest Ship Date', 'Latest Ship Date', and 'Expiration Date' fields.
- LC Amounts:** Includes 'Amount Type', 'Variance Pct', 'Specification', 'Amount' (0), and 'Amount Word' fields.

At the bottom of the window are buttons for 'OK', 'Comments', 'Details', 'Print', and 'Cancel'.

3. In the **LC Type** field, select **Open**.
4. In the **Form Type** field, select the type of form.
5. In the **Currency** field, enter the code for the currency of the letter of credit, or click the **LOV** button and select the currency.
6. In the **Origin Country** field, enter the code for the origin country, or click the **LOV** button and select the origin country.
7. In the **Partners** area, select the applicant and beneficiary.
8. In the **Banks** area, select the banks that are involved with the letter of credit transaction.
9. In the **Conditions** area, select the conditions that apply to the letter of credit.
10. In the **Dates** area, enter the various dates if known.
11. In the **Amount Type** field, select the type of amount.
12. Enter any additional information as necessary.
13. To enter the terms of the letter of credit:
  - a. From the **Options** menu, select **Terms**. The Letter of Credit Terms window opens.

**Figure 2–3 Letter of Credit Terms Window**

The screenshot shows a software window titled "Letter of Credit Terms" with a subtitle "(lcapphdr)". The window contains the following fields and controls:

- Title Pass Location:** Text box containing "AC".
- City and State:** Text box containing "New York, Ny".
- Transport To:** Text box (empty).
- Lading Port:** Text box (empty).
- Discharge Port:** Text box (empty).
- Place of Expiry:** Text box containing "02".
- Advising Bank:** Text box (empty).
- Credit Available With:** Text box (empty).
- Purchase Type:** Text box containing "DLV".
- Delivered:** Text box (empty).
- Issuance:** Dropdown menu (empty).
- Advice Method:** Dropdown menu (empty).
- Drafts At:** Dropdown menu with "At Sight" selected.
- Presentation Terms:** Dropdown menu with "By Acceptance" selected.
- Negotiation Days:** Text box containing "5".
- Buttons:** "OK" and "Cancel" buttons at the bottom right.

- b. In the **Title Pass Location** field, enter the abbreviation for the type of location, or click the **LOV** button and select the type. Enter the description of the location in the next field.
  - c. In the **Transport To** and **Lading Port** fields, enter the abbreviations, or click the **LOV** button and select the type.
  - d. In the **Purchase Type** field, enter the code for the terms of sale, or click the **LOV** button and select the terms.
  - e. Enter any additional information as necessary.
  - f. Click **OK** to save your changes and close the window.
14. Click **OK** to save your changes and close the window.

## Edit a Letter of Credit

Navigate: From the main menu, select **Finance > Payments > Letter of Credit**. The Letter of Credit Find window opens.

Search for and retrieve a letter of credit in **Edit** mode. Restrict the search to letters of credit in Worksheet status. The Letter of Credit Application Header window opens.

1. Edit the enabled fields as necessary.
2. To change the status of the letter of credit, select the appropriate status from the **Options** menu.
3. Click **OK** to save your changes and close the window.

## Search for a Letter of Credit

Navigate: From the main menu, select **Finance > Payments > Letter of Credit**. The Letter of Credit Find window opens.

**Figure 2–4 Letter of Credit Find Window**

1. In the **Action** field, select either **View** or **Edit**.
2. Enter additional criteria as desired to make the search more restrictive.
3. Click **Search**. The letters of credit that match the search criteria appear.
4. Select a task.
5. To perform another search, click **Refresh**.
6. To display the letter of credit information, select a record and click **OK**. The Letter of Credit Application Header window opens.
7. Click **Close** to close the window.

## View a Letter of Credit

Navigate: From the main menu, select **Finance > Payments > Letter of Credit**. The Letter of Credit Find window opens.

Search for and retrieve a letter of credit in View mode. The Letter of Credit Application Header window opens.

1. To view the terms, activities, amendments, and required documents that are associated with the letter of credit:
  - a. From the Options menu, select the desired option. The details appear in the appropriate window.
  - b. Click **OK** to exit the window.
2. To view the purchase orders that are associated with the letter of credit:

- a. Click **Details**. The details appear in the Letter of Credit Application Details window.
  - b. Click **OK** to close the window.
3. To view the monetary amounts in the currency of the letter of credit or the primary currency of the company, select the appropriate option from the Options > Currency menu.
4. Click **OK** to close the window.

## Print a Letter of Credit

Navigate: From the main menu, select **Finance > Payments > Letter of Credit**. The Letter of Credit Find window opens.

Search for and retrieve a letter of credit in **Edit** mode. Restrict the search to letters of credit in **Approved**, **Confirmed**, or **Closed** status. The Letter of Credit Application Header window opens.

1. Click **Print**.
2. In the **Destination** field, select where you want the finished report to be sent. Select **Preview** to view the report online.
3. From the **File** menu, select **Run Report**. The report is generated and sent to the destination that you selected.

## Add a Fixed-Format Amendment to a Letter of Credit

Navigate: From the main menu, select **Finance > Payments > Letter of Credit**. The Letter of Credit Find window opens.

Search for and retrieve a letter of credit in **Edit** mode. Restrict the search to letters of credit in **Confirmed** status. The Letter of Credit Application Header window is displayed.

From the **Options** menu, select **Amendments**. The Letter of Credit Amendments window opens.

Click **Add Amend**. The Letter of Credit Amendments Fixed Format Application window opens.

10. To adjust the letter of credit amounts, click **Recalculate**.
11. Click **OK** to save your changes and close the window.

## Assign a Purchase Order to a Letter of Credit by Letter of Credit

Navigate: From the main menu, select **Finance > Payments > Letter of Credit Selection**. The Letter of Credit Order Apply window opens.

1. In the **Applicant** field, enter the ID of the applicant, or click the **LOV** button and select the applicant.

2. In the **Issuing Bank** field, enter the ID of the bank, or click the **LOV** button and select the bank.
3. Click **Query Orders**. All approved purchase orders that match the criteria are displayed.
4. To assign a purchase order to an existing letter of credit:
  - a. Select the purchase order.
  - b. In the **LC Ref ID** field, enter the reference number of the letter of credit, or click the **LOV** button and select the letter of credit.
5. To assign a purchase order to a new letter of credit:
  - a. From the **View** menu, select **LC Information**. Fields specific to letters of credit appear in the table.
  - b. Select the purchase order and click **Create New LC**. The reference number of the letter of credit is filled in automatically.
  - c. In the **Form Type** field, select the type of form.
  - d. In the **Letter of Credit Type** field, select the type of letter of credit.
  - e. Click **Apply Orders**. The purchase orders are attached to the letters of credit.
6. Click **Close** to save your changes and close the window.

### **Assign a Purchase Order to a Letter of Credit by Purchase Order**

Navigate: From the main menu, select **Ordering > Orders**. The Order Selection window opens.

Search for and retrieve a purchase order in **Edit** mode. Restrict the search to import orders in Worksheet status. The PO Header Maintenance window opens.

From the **Options** menu, select **Letter of Credit**. The Order Letter of Credit window opens.

**Figure 2–7 Order Letter of Credit Window**

1. Edit the applicant and beneficiary as necessary.
2. In the **Letter of Credit Reference ID** field, enter the reference number of the letter of credit, or click the **LOV** button and select the letter of credit.

---

**Note:** A purchase order is not considered to be attached to a letter of credit until the letter of credit is approved.

---

3. In the **Merchandise Description** field, enter a description of the goods being purchased.
4. Enter or edit the remaining fields as necessary.
5. Click **OK** to save your changes and close the window.

## View Purchase Orders for a Letter of Credit

Navigate: From the main menu, select Finance > Payments > Letter of Credit. The Letter of Credit Find window opens.

Search for and retrieve a letter of credit in View mode. The Letter of Credit Application Header window opens.

Click **Details**. The Letter of Credit Application Details window opens.

1. To view the monetary amounts in the currency of the letter of credit or the primary currency of the company, select the appropriate option from the Options > Currency menu.
2. To view the details of a purchase order:
  - a. Select a purchase order and click **PO Detail**. The PO Header Maintenance window opens.
  - b. Click **OK** to close the window.

3. Click **OK** to close the window.

## Delete a Purchase Order from a Letter of Credit

Navigate: From the main menu, select **Finance > Payments > Letter of Credit**. The Letter of Credit Find window opens.

Search for and retrieve a letter of credit in **Edit** mode. The Letter of Credit Application Header window opens.

Click **Details**. The Letter of Credit Application Details window opens.

**Figure 2–8 Letter of Credit Application Details Window**

## Edit the Terms of a Letter of Credit

Navigate: From the main menu, select **Finance > Payments > Letter of Credit**. The Letter of Credit Find window opens.

Search for and retrieve a letter of credit in **Edit** mode. Restrict the search to letters of credit in Worksheet status. The Letter of Credit Application Header window is displayed.

From the **Options** menu, select **Terms**. The Letter of Credit Terms window opens.

**Figure 2–13 Letter of Credit Terms Window**

The screenshot shows a software window titled "Letter of Credit Terms" with a subtitle "(lcapphdr)". The window contains the following fields and controls:

- Title Pass Location:** Text box containing "AC".
- City and State:** Text box containing "New York, Ny".
- Transport To:** Text box.
- Lading Port:** Text box.
- Discharge Port:** Text box.
- Place of Expiry:** Text box containing "02".
- Advising Bank:** Text box.
- Credit Available With:** Text box.
- Purchase Type:** Text box containing "DLV".
- Delivered:** Text box.
- Issuance:** Dropdown menu.
- Advice Method:** Dropdown menu.
- Drafts At:** Dropdown menu containing "At Sight".
- Presentation Terms:** Dropdown menu containing "By Acceptance".
- Negotiation Days:** Text box containing "5".
- Buttons:** "OK" and "Cancel" buttons at the bottom right.

1. Enter and select the terms as necessary.
2. Click **OK** to save your changes and close the window.

## View the Terms of a Letter of Credit

Navigate: From the main menu, select **Finance > Payments > Letter of Credit**. The Letter of Credit Find window opens.

Search for and retrieve a letter of credit in View mode. The Letter of Credit Application Header window opens.

From the Options menu, select Terms. The Letter of Credit Terms window opens.

- Click **OK** to close the window

## View Activities Against a Letter of Credit

Navigate: From the main menu, select **Finance > Payments > Letter of Credit**. The Letter of Credit Find window opens.

Search for and retrieve a letter of credit in View mode. Restrict the search to letters of credit in Confirmed or Closed status. The Letter of Credit Application Header window opens.

From the Options menu, select Activity. The Letter of Credit Activity window opens.

1. To view monetary amounts in the currency of the letter of credit, the primary currency of the company, or the currency of the activity, select the appropriate option from the **Options > Currency** menu.
2. Click **OK** to close the window

## Generate an Amendment to a Letter of Credit

Navigate: From the main menu, select **Finance > Payments > Letter of Credit**. The Letter of Credit Find window opens.

Search for and retrieve a letter of credit in Edit mode. Restrict the search to letters of credit in Confirmed status. The Letter of Credit Application Header window is displayed.

From the **Options** menu, select **Amendments**. The Letter of Credit Amendments window opens.

**Figure 2-14 Letter of Credit Amendments Window**

1. Click **Add Amend**. The Letter of Credit Amendments - Fixed Format Application window opens.
2. Add a fixed-format amendment to a letter of credit.
3. Click **OK** to save any changes and close the window.

## Change the Status of a Letter of Credit

1. Select the amendment that you want to approve.
2. In the **Status** field, select the appropriate status.
3. Click **Generate**. An amendment number is filled in automatically in the **Amend No** field for each newly-accepted amendment.
4. Click **OK** to save your changes and close the window.

## View Amendments to a Letter of Credit

Navigate: From the main menu, select **Finance > Payments > Letter of Credit**. The Letter of Credit Find window opens.

Search for and retrieve a letter of credit in View mode. Restrict the search to letters of credit in Confirmed or Closed status. The Letter of Credit Application Header window opens.

From the Options menu, select Amendments. The Letter of Credit Amendments window opens.

1. To view the net effect of an amendment:
  - a. Select an amendment and click **Net Effect**. The Letter of Credit Amendments Net Effect window opens.
  - b. Click **OK** to close the window.
2. Click **OK** to close the window.

## View the Net Effect of an Amendment

Navigate: From the main menu, select **Finance > Payments > Letter of Credit**. The Letter of Credit Find window opens.

Search for and retrieve a letter of credit in View mode. Restrict the search to letters of credit in confirmed or closed status. The Letter of Credit Application Header window opens.

From the Options menu, select Amendments. The Letter of Credit Amendments window opens.

Select an amendment and click Net Effect. The Letter of Credit Amendments Net Effect window opens.

- Click **OK** to close the window.

## Letter of Credit Activity Window [lactive]

The Letter of Credit Activity window allows you to edit and view activities against a letter of credit. You can add the bank charges and drawdowns. A letter of credit activity is added automatically when the issuing bank confirms the letter of credit. An amendment activity is added automatically when a monetary amendment is approved for the letter of credit.

You can edit or view activities for confirmed letters of credit. You can view activities for closed letters of credit.

To display the monetary amounts of an activity in the primary currency of the company, the currency of the letter of credit, or the currency of the activity, select the appropriate option from the Options > Currency menu. You can add or delete an activity only when the currency option is Activity.

- [Add an Activity to a Letter of Credit](#)
- [Delete an Activity from a Letter of Credit](#)

## Letter of Credit Amendments - Fixed Format Application Window [lcamend]

The Letter of Credit Amendments - Fixed Format Application window allows you change the current values for various parts of a confirmed letter of credit application. These are for amendments that are initiated by the letter of credit group.

- [Add a Fixed-Format Amendment to a Letter of Credit](#)

## Letter of Credit Amendments Window [lcamend]

The Letter of Credit Amendments window allows you to modify a confirmed letter of credit by adding amendments to the letter of credit.

Amendments are created automatically when certain values are changed on a purchase order. Amendments to the purchase order can be written once the letter of credit for that purchase order is in Submit status.

If you are using Trade Management to import costs, it is assumed that all locations must have the same cost value for an item. However, if the cost of items that are being imported DO vary by location, Trade Management will convert the cost values to an identical weighted average cost. If a cost is changed on an order at only one location, an amendment is written with the average cost for all locations.

You can also create amendments to the letter of credit itself. For all new amendments, you can choose which amendments to accept for the letter of credit. After an amendment is changed to Accepted status, it can be transmitted to the bank.

The following changes to a purchase order automatically generate an amendment to the letter of credit:

- Earliest and latest ship dates
- Purchase order cancelled
- Transshipment or partial shipment options
- Unit cost and order quantity
- Required documents (You cannot change the content of the document, only whether it is included.)

Changes to the face of the letter of credit can be made on the Letter of Credit Amendment Fixed Format window. To access the window, click Add Amend.

To display monetary amounts in the primary currency of the company or the currency of the letter of credit, select the appropriate option from the Options > Currency menu.

- [Generate an Amendment to a Letter of Credit](#)
- [Delete an Amendment from a Letter of Credit](#)
- [Print Amendments to a Letter of Credit](#)

## Letter of Credit Amendments - Net Effect Window [Icamend]

The Letter of Credit Amendments - Net Effect window allows you to view the net effect that a selected amendment, or all amendments that share the same amendment number, has on the letter of credit.

## Letter of Credit Application Details Window [Icappdtl]

The Letter of Credit Application Details window allows you to view which purchase orders (short form) or PO/items (long form) are attached to a letter of credit.

To display monetary amounts in the primary currency of the company or the currency of the letter of credit, select the appropriate option from the Options > Currency menu.

- [Delete a Purchase Order from a Letter of Credit](#)

## Letter of Credit Application Header Window [Icapphdr]

The Letter of Credit Application Header window allows you to create, edit, and view letters of credit.

- [Approve a Letter of Credit](#)
- [Create an Open Letter of Credit](#)

- ## Letter of Credit Terms Window [lcapphdr]

- Edit the Terms of a Letter of Credit

The Letter of Credit Find window allows you to enter search criteria in order to search for letters of credit and view the results.

- Search for a Letter of Credit
- Send Letter of Credit Amendments
- Send Letter of Credit Applications

Navigate: From the main menu, select **Finance > Payments > Letter of Credit**. The Letter of Credit Find window opens.

From the **Options** menu, select **Amendments**. The Letter of Credit Amendments window opens.

**Report Parameters**

**Enter values for the following parameters**

<b>Destype</b>	<input type="text" value="Cache"/>
<b>Destination Printer</b>	<input type="text"/>
<b>LC Ref. ID</b>	<input type="text" value="10001400"/>

2. In the **Destination** field, select where you want the finished report to be sent. Select **Preview** to view the report online.
3. From the **File** menu, select **Run Report**. The report is generated and sent to the destination that you selected.

## Send Letter of Credit Amendments

Navigate: From the main menu, select **Finance > Payments > Letter of Credit**. The Letter of Credit Find window opens.

**Figure 2–17 Letter of Credit Find Window**

1. In the **Action** field, select **Download Amendment**.
2. Enter additional criteria as desired to make the search more restrictive.
3. Click **Search**. The confirmed letters of credit that match the search criteria appear.
4. Click **Send**.
5. When prompted to transmit the letter of credit amendments, click **Yes**. The amendments will be converted to the SWIFT format and transmitted by a regularly scheduled batch program.

## Send Letter of Credit Applications

Navigate: From the main menu, select **Finance > Payments > Letter of Credit**. The Letter of Credit Find window opens.

**Figure 2–18 Letter of Credit Find Window**

1. In the **Action** field, select **Download Application**.
2. Enter additional criteria as desired to make the search more restrictive.
3. Click **Search**. The approved letters of credit that match the search criteria appear.
4. Click **Send**.
5. When prompted to transmit the letter of credit applications, click **Yes**. The applications will be converted to the SWIFT format and transmitted by a regularly scheduled batch program.

## Letters of Credit Approval Process

When a letter of credit is added to the system, it must go through a series of checks before it is accessible in the system. Depending on your user role, you may not be able to move the letter of credit to the next status. A letter of credit may be in any of the following statuses:

**Table 2–1**

<b>Status</b>	<b>Definition</b>
Worksheet	The letter of credit has been started, but not completed.
Submitted	The letter of credit has been completed and is pending review.
Approved	The letter of credit has been reviewed and has been approved.
Extracted	The details of the letter of credit were sent to the external entity affected by the letter of credit.
Confirmed	The letter of credit has been confirmed by the bank and a reference number has been assigned to the letter of credit.
Closed	The letter of credit is complete.

## Submit a Letter of Credit for Approval

Navigate: From the main menu, select **Finance > Payments > Letter of Credit**. The Letter of Credit Find window opens.

Search for and retrieve a letter of credit in **Edit** mode. Restrict the search to letters of credit in Worksheet status. The Letter of Credit Application Header window opens.

1. From the **Options** menu, select **Submit**.
2. When prompted to submit the letter of credit, click **Yes**.
3. Click **OK** to save your changes and close the window.

## Approve a Letter of Credit

Navigate: From the main menu, select **Finance > Payments > Letter of Credit**. The Letter of Credit Find window opens.

Search for and retrieve a letter of credit in **Edit** mode. Restrict the search to letters of credit in Submitted status. The Letter of Credit Application Header window opens.

1. From the **Options** menu, select **Approve**.
2. When prompted to approve the letter of credit, click **Yes**.
3. Click **OK** to save your changes and close the window.

---

## Transportation

### Set Up Transportation

The movement of goods from origin country to final destination can be tracked through the transportation module.

The following information must be set up for the transportation module:

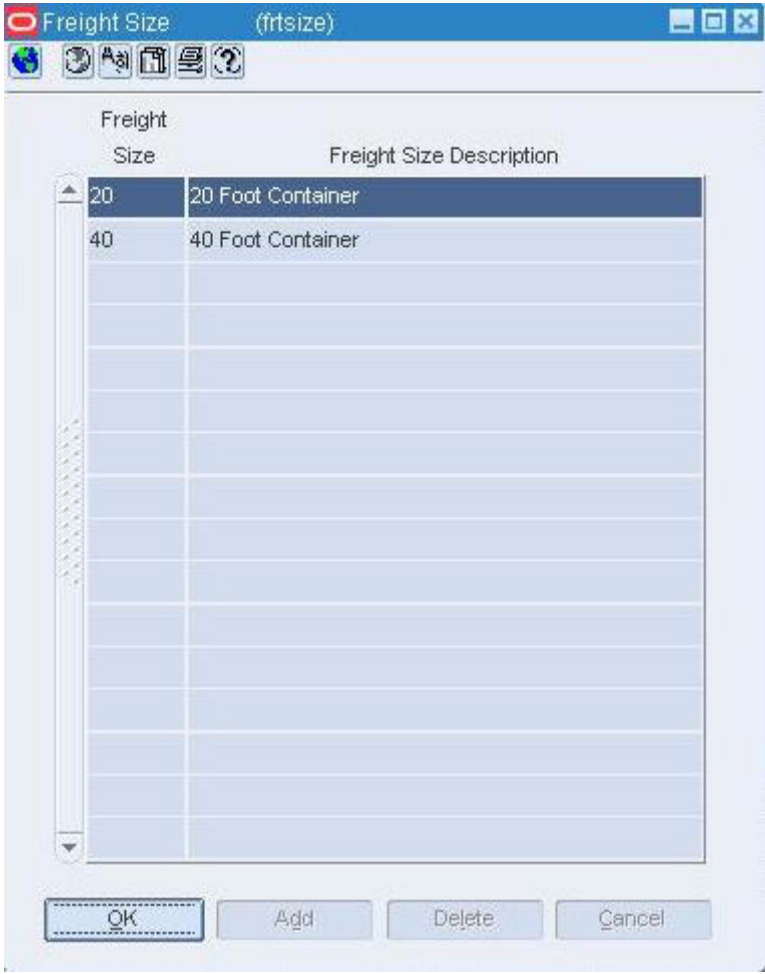

- Freight types
- Freight sizes
- Standard carrier alpha codes

For more information, see:

- [Add a Freight Type](#)
- [Add a Freight Size](#)
- [Add a Standard Carrier Alpha Code \(SCAC\)](#)
- [Maintain Freight Sizes](#)
- [Maintain Freight Types](#)
- [Maintain Standard Carrier Alpha Codes \(SCAC\)](#)

### Add a Freight Size

Navigate: From the main menu, select **Control > Setup > Freight Size Maintenance > Edit**. The Freight Size window opens.

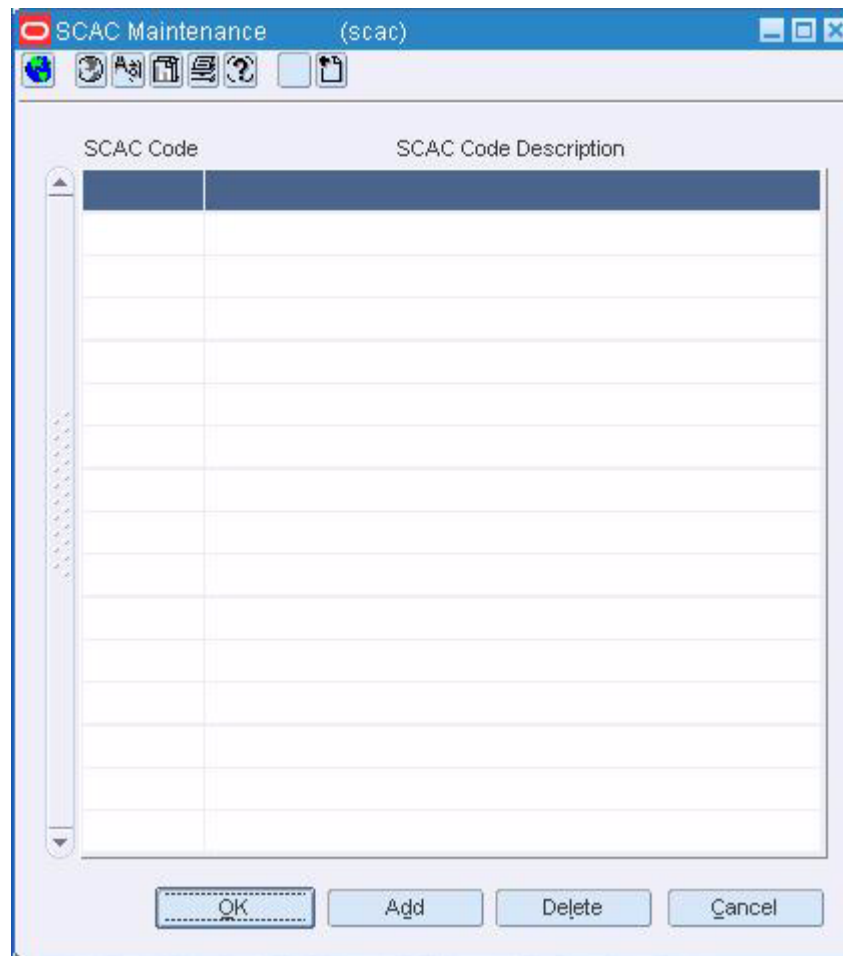

**Figure 3–2 Freight Type Window**

1. Click **Add**. The next available line is enabled.
2. In the **Freight Type** field, enter the ID of the freight type.
3. In the **Description** field, enter a description of the freight type.
4. Click **OK** to save your changes and close the window.

### Add a Standard Carrier Alpha Code (SCAC)

Navigate: From the main menu, select **Control > Setup > SCAC Maintenance > Edit**. The SCAC Maintenance window opens.

**Figure 3–3 SCAC Maintenance Window**

1. Click **Add**. The next available line is enabled.
2. In the **SCAC Code** field, enter the standard carrier alpha code.
3. In the **SCAC Code Description** field, enter a description of the SCAC code.
4. Click **OK** to save your changes and close the window.

## Maintain Freight Sizes

Navigate: From the main menu, select **Control > Setup > Freight Size Maintenance > Edit**. The Freight Size window opens.

**Figure 3–4 Freight Size Window****Edit a Freight Size**

1. Edit the description as necessary.
2. Click **OK** to save your changes and close the window.

**Delete a Freight Size**

1. Select a freight size and click **Delete**.
2. When prompted to delete the record, click **Yes**.
3. Click **OK** to save your changes and close the window.

**Maintain Freight Types**

Navigate: From the main menu, select **Control > Setup > Freight Type Maintenance > Edit**. The Freight Type window opens.

**Figure 3–5 Freight Type Window****Edit a Freight Type**

1. Edit the description as necessary.
2. Click **OK** to save your changes and close the window.

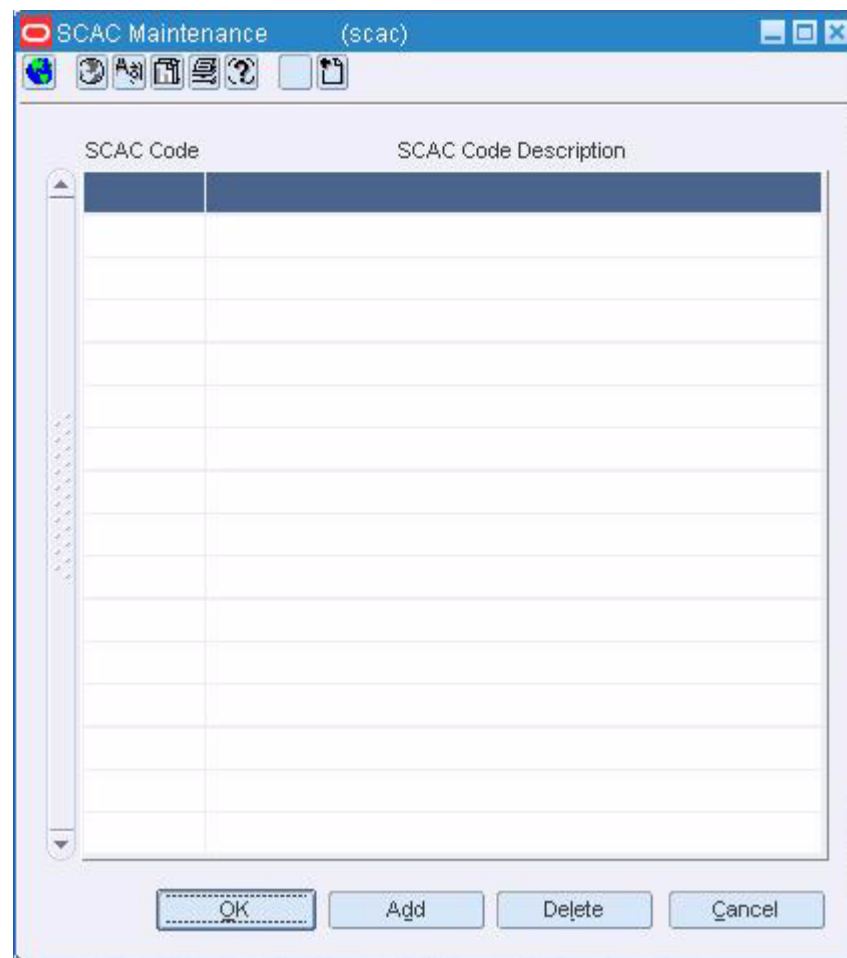

**Delete a Freight Type**

1. Select a freight type and click **Delete**.
2. When prompted to delete the record, click **Yes**.
3. Click **OK** to save your changes and close the window.

**Maintain Standard Carrier Alpha Codes (SCAC)**

Navigate: From the main menu, select **Control > Setup > SCAC Maintenance > Edit**. The SCAC Maintenance window opens.

**Figure 3–6 SCAC Maintenance Window**

### Edit an SCAC

1. Edit the description as necessary.
2. Click **OK** to save your changes and close the window.

## Delete an SCAC

1. Select a SCAC code and click **Delete**.
2. When prompted to delete the record, click **Yes**.
3. Click **OK** to save your changes and close the window.

## Maintain Transportation

The movement of goods from origin country to final destination can be tracked through the transportation module.

You can track the following information in the transportation module:

- Shipments
- Countries and ports
- Departure, arrival, and delivery dates

- Commercial invoices
- Freight sizes, SCAC codes, and freight types
- Measurements, weights, and quantities
- Deliveries to final destinations
- Packing methods
- Licenses and visas
- Claims against trading partners
- Missing documents
- Timelines
- Members of an item family

A transportation upload batch program converts data received from trading partners into a standard Oracle Retail file format. As additional information is acquired, it can be entered manually. When a transportation record is complete, you can finalize the record. Finalized transportation records are used to automatically create customs entries. The goods can then be tracked as they move through customs.

- [Finalize Transportation Records](#)
- [Search for a Transportation Record](#)

## Create a Transportation Record

Navigate: From the main menu, select **Inventory > Transportation > Maintenance**. The Transportation Selection window opens.

In the **Action** field, select **New**. Click **OK**. The Transportation window opens.

**Figure 3–7 Transportation Window**

1. Provide as much information in the enabled fields as you have available.

---

**Note:** The **Candidate Ind** check box can only be selected for Items that have an approved HTS code.

---

2. Click **OK** to save your changes and close the window.

## Add a Child or Diff to a Transportation Record

Navigate: From the main menu, select **Inventory > Transportation > Maintenance**. The Transportation Selection window opens.

Search for and retrieve a transportation record in **Edit** mode. The Transportation window opens.

From the **Options** menu, select **Child/Diffs**. The Transportation Item window opens.

---

**Note:** The Child/Diffs option is available when the item on a transportation record is an item parent.

---

1. Click **Add**.
2. In the **Item** field, enter the number of the item, or click the **LOV** button and select the item.
3. In the **Quantity** field, enter the number of units.
4. In the **UOM** field, enter the code for the unit of measure, or click the **LOV** button and select the unit of measure.
5. Click **OK** to save your changes and close the window.

## Add a Claim to a Transportation Record

Navigate: From the main menu, select **Inventory > Transportation > Maintenance**. The Transportation Selection window opens.

Search for and retrieve a transportation record in **Edit** mode. The Transportation window opens.

From the **Options** menu, select **Claims**. The Transportation Claims window opens.

**Figure 3–8 Transportation Claims Window**

The screenshot shows the 'Transportation Claims' window with the following fields and values:

- Trans. ID: 314
- Vessel ID: 666
- Voyage ID: 666
- Est. Depart. Date: 17-JUL-2002
- Order No.: 133613
- Item: 100786194 buyer pack test
- BL/AVMB ID:
- Container ID: 101
- Invoice ID: 56

Below these fields is a table with the following columns: Claim ID, From Carton, To Carton, Claim Date, Item Qty, Qty, UOM, Claim Against Type, Claim Against ID, and Claim Amount. The table is currently empty.

At the bottom of the window are buttons for OK, Add, Delete, and Cancel.

1. Click **Add**.
2. In the **Claim ID** field, enter the number of the claim.
3. In the **From Carton** and **To Carton** fields, enter the ID of the first and last carton in the series of cartons.
4. In the **Claim Date** field, enter the date of the claim, or click the calendar button and select the date.
5. In the **Item Qty** field, enter the number of units included on the claim.
6. In the **Qty UOM** field, enter the code for the unit of measure, or click the **LOV** button and select the unit of measure.
7. In the **Claim Against Type** field, select the type of partner against whom the claim is made.
8. In the **Claim Against ID** field, enter the ID of the partner, or click the **LOV** button and select the partner.
9. In the **Claim Amount** field, enter the monetary amount of the claim.
10. To enter the type of discrepancy or damage and any comments:
  - a. Select **Custom** from the **View** menu. The Customize toolbar opens.
  - b. Click the **Add** button.

- c. Clear the check box next to a couple of fields and select the check boxes for the **Discrepancy Type**, **Damage Code**, and **Comments** fields.
  - d. Click **OK**. The selected fields appear.
  - e. Enter the information in the **Discrepancy Type**, **Damage Code**, and **Comments** fields as necessary.
11. Click **OK** to save your changes and close the window.

## Add a Delivery to a Transportation Record

Navigate: From the main menu, select **Inventory > Transportation > Maintenance**. The Transportation Selection window opens.

Search for and retrieve a transportation record in **Edit** mode. The Transportation window opens.

From the **Options** menu, select **Delivery**. The Transportation Delivery window opens.

**Figure 3–9 Transportation Delivery Window**

1. Click **Add**.
2. In the **Delivery Location Type** field, select the type of location.
3. In the **Location** field, enter the ID of the location, or click the **LOV** button and select the location.
4. In the **Estimated Delivery Date** field, enter the date, or click the calendar button and select the date.
5. Enter as much additional information as you have available.
6. Click **OK** to save your changes and close the window.

## View Licenses and Visas for a Transportation Record

Navigate: From the main menu, select **Inventory > Transportation > Maintenance**. The Transportation Selection window opens.

Search for and retrieve a transportation record in **View** mode. The Transportation window opens.

From the Options menu, select License/Visa. The Transportation License/Visa window opens.

1. To view the ID of the license or visa holder and any comments:
  - a. Select Custom from the View menu. The Customize toolbar opens.
  - b. Click the add button.
  - c. In order to make room for the Holder ID and Comments fields, clear the check boxes next to fields that you don't need to display. Then select the check boxes next to the Holder ID and Comments fields.
  - d. Click **OK**. The selected fields appear.
2. Click **OK** to close the window.

## Add a License or Visa to a Transportation Record

Navigate: From the main menu, select **Inventory > Transportation > Maintenance**. The Transportation Selection window opens.

Search for and retrieve a transportation record in **Edit** mode. The Transportation window opens.

From the **Options** menu, select **License/Visa**. The Transportation License/Visa window opens.

**Figure 3–10 Transportation License/Visa Window**

Import Country	Country Description	Lic./Visa Type	License/Visa	License/Visa Quantity	Lic./Visa Qty.UOM	Quota Category	Net/Net Vt.	Net/Net Vt. UOM

1. Click **Add**.
2. In the Import Country field, enter the code for the import country, or click the **LOV** button and select the import country.
3. In the **Lic/Visa Type** field, select the type of document.
4. In the **License/Visa** field, enter the description of the license or visa.
5. In the **Lic/Visa Qty** field, enter the number of units affected by the license or visa.

6. In the **Lic/Visa Qty UOM** field, enter the code for the unit of measure, or click the **LOV** button and select the unit of measure.
7. Enter as much additional information as you have available.
8. To enter the ID of the license or visa holder and any comments:
  - a. Select **Custom** from the **View** menu. The Customize toolbar opens.
  - b. Click the add button.
  - c. In order to make room for the **Holder ID** and **Comments** fields, clear the check boxes next to fields that you don't need to display. Then select the check boxes next to the **Holder ID** and **Comments** fields.
  - d. Click **OK**. The selected fields appear.
  - e. Enter the information in the **Holder ID** and **Comments** fields as necessary.
9. Click **OK** to save your changes and close the window.

## Add a Missing Document to a Transportation Record

Navigate: From the main menu, select **Inventory > Transportation > Maintenance**. The Transportation Selection window opens.

Search for and retrieve a transportation record in **Edit** mode. The Transportation window opens.

From the **Options** menu, select **Missing Documents**. The Missing Documents window opens.

**Figure 3–11 Missing Documents Window**

1. Click **Add**.
2. In the **Document ID** field, enter the ID of the document, or click the **LOV** button and select the document.
3. In the **Received Date** field, enter the date received if applicable, or click the calendar button and select the date.
4. In the **Comments** field, enter a comment as necessary, or click the comments button and enter the comment.

- Click **OK** to save your changes and close the window.

## Add Packing Information to a Transportation Record

Navigate: From the main menu, select **Inventory > Transportation > Maintenance**. The Transportation Selection window opens.

Search for and retrieve a transportation record in **Edit** mode. The Transportation window opens.

From the **Options** menu, select **Packing**. The Transportation Packing window opens.

**Figure 3–12 Transportation Packing Window**

The screenshot shows the 'Transportation Packing' window with the following fields and controls:

- Trans. ID:** 314
- Vessel ID:** 666
- Voyage ID:** 666
- Est. Depart. Date:** 17-JUL-0002
- Order No.:** 133613
- Item:** 100766194 buyer pack test
- BL/AWB ID:**
- Container ID:** 101
- Invoice ID:** 56

Below these fields is a table with the following columns: From Carton, To Carton, Load Position, Sample Carton, Sample Position, and Comments. The table has several rows, each with dropdown menus for the first five columns and a text field for the last column.

At the bottom of the window are five buttons: **OK**, **Add**, **Apply Defaults**, **Delete**, and **Cancel**.

- Click **Add**.
- In the **From Carton** and **To Carton** fields, enter the ID of the first and last carton in a series of cartons.
- In the **Load Position** field, select the position of the load in the series of containers.
- Enter as much additional information as you have available, including the location of a sample carton.
- To enter shipped quantities:
  - Select **Quantity** from the **View** menu. Several quantity and UOM fields appear.
  - Enter the information that you have available.
- To enter received quantities:
  - Select **Received Quantity** from the **View** menu. Several received quantity and UOM fields appear.
  - Enter the information that you have available.
- Click **OK** to save your changes and close the window.

## Maintain Claims for a Transportation Record

Navigate: From the main menu, select **Inventory > Transportation > Maintenance**. The Transportation Selection window opens.

Search for and retrieve a transportation record in **Edit** mode. The Transportation window opens.

From the **Options** menu, select **Claims**. The Transportation Claims window opens.

**Figure 3-13 Transportation Claims Window**

### Edit a Claim for a Transportation Record

1. Edit the enabled fields as necessary.
2. To edit the type of discrepancy or damage and any comments:
  - a. Select **Custom** from the **View** menu. The Customize toolbar opens.
  - b. Click the add button.
  - c. Clear the check box next to a couple of fields and select the check boxes for the **Discrepancy Type**, **Damage Code**, and **Comments** fields.
  - d. Click **OK**. The selected fields appear.
  - e. Edit the information in the **Discrepancy Type**, **Damage Code**, and **Comments** fields as necessary.
3. Click **OK** to save your changes and close the window.

### Delete a Claim for a Transportation Record

1. Select a claim and click **Delete**.
2. When prompted to delete the record, click **Yes**.
3. Click **OK** to save your changes and close the window.

## Maintain Deliveries for a Transportation Record

Navigate: From the main menu, select **Inventory > Transportation > Maintenance**. The Transportation Selection window opens.

Search for and retrieve a transportation record in **Edit** mode. The Transportation window opens.

From the **Options** menu, select **Delivery**. The Transportation Delivery window opens.

**Figure 3–14 Transportation Delivery Window**
**Edit a Delivery for a Transportation Record**

1. Edit the enabled fields as necessary.
2. Click **OK** to save your changes and close the window.

**Delete a Delivery for a Transportation Record**

1. Select a delivery and click **Delete**.
2. When prompted to delete the record, click **Yes**.
3. Click **OK** to save your changes and close the window.

**Maintain Licenses or Visas for a Transportation Record**

Navigate: From the main menu, select **Inventory > Transportation > Maintenance**. The Transportation Selection window opens.

Search for and retrieve a transportation record in **Edit** mode. The Transportation window opens.

From the Options menu, select License/Visa. The Transportation License/Visa window opens.

**Figure 3–15 Transportation License/Visa Window**
**Edit a License or Visa for a Transportation Record**

1. Edit the enabled fields as necessary.
2. Click **OK** to save your changes and close the window.

**Delete a License or Visa for a Transportation Record**

1. Select a license or visa and click **Delete**.
2. When prompted to delete the record, click **Yes**.
3. Click **OK** to save your changes and close the window.

## Maintain Missing Documents for a Transportation Record

Navigate: From the main menu, select **Inventory > Transportation > Maintenance**. The Transportation Selection window opens.

Search for and retrieve a transportation record in **Edit** mode. The Transportation window opens.

From the **Options** menu, select **Missing Documents**. The Missing Documents window opens.

**Figure 3–16 Missing Documents Window**

### Edit a Missing Document for a Transportation Record

1. Edit the enabled fields as necessary.
2. Click **OK** to save your changes and close the window.

### Delete a Missing Document for a Transportation Record

1. Select a document and click **Delete**.
2. When prompted to delete the record, click **Yes**.
3. Click **OK** to save your changes and close the window.

## Maintain Packing Information for a Transportation Record

Navigate: From the main menu, select **Inventory > Transportation > Maintenance**. The Transportation Selection window opens.

Search for and retrieve a transportation record in **Edit** mode. The Transportation window opens.

From the **Options** menu, select **Packing**. The Transportation Packing window opens.

**Figure 3–17 Transportation Packing Window**

### Edit Packing Information for a Transportation Record

1. Edit the enabled fields as necessary.
2. To edit shipped quantities:
  - a. Select **Quantity** from the **View** menu. Several quantity and UOM fields appear.
  - b. Edit the enabled fields as necessary.

3. To edit received quantities:
  - a. Select **Received Quantity** from the **View** menu. Several received quantity and UOM fields appear.
  - b. Edit the enabled fields as necessary.
4. Click **OK** to save your changes and close the window.

### Delete Packing Information for a Transportation Record

1. Select a packing record and click **Delete**.
2. When prompted to delete the record, click **Yes**.
3. Click **OK** to save your changes and close the window.

## Edit a Transportation Record

Navigate: From the main menu, select **Inventory > Transportation > Maintenance**. The Transportation Selection window opens.

Search for and retrieve a transportation record in **Edit** mode. The Transportation window opens.

1. Edit the enabled fields as necessary.
2. If the record is complete and ready for finalization, select the **Candidate Ind** check box.

---

---

**Note:** The Candidate Ind check box can only be selected for Items that have an approved HTS code.

---

---

3. Click **OK** to save your changes and close the window.

## Edit Commercial Invoice Information for a Transportation Record

Navigate: From the main menu, select **Inventory > Transportation > Maintenance**. The Transportation Selection window opens.

Search for and retrieve a transportation record in **Edit** mode. The Transportation window opens.

Click **Invoice**. The Commercial Invoice window opens.

**Figure 3–18 Commercial Invoice Window**

The screenshot shows a window titled "Commercial Invoice (transprt)". It contains several input fields and buttons:

- Supplier:** A text field containing "2345670000" and a dropdown menu showing "David Fashion Creations".
- Currency Code:** A text field containing "USD" and a small icon button.
- Exchange Rate:** A text field containing "1.0" and a small icon button.
- Invoice No.:** A text field containing "123".
- Invoice Date:** A text field containing "18-JUL-2002" and a calendar icon button.
- Invoice Amount:** A text field containing "0.00" and a small icon button.
- OK:** A button at the bottom center of the window.

1. In the **Currency Code** field, enter the code for the invoice currency, or click the **LOV** button and select the currency.
2. If the invoice currency differs from the primary currency, enter the exchange rate in the **Exchange Rate** field, or click the **LOV** button and select the exchange rate.
3. In the **Invoice Date** field, enter the date of the invoice, or click the calendar button and select the date.
4. In the **Invoice Amount** field, enter the amount on the invoice for the item.
5. Click **OK** to save your changes and close the window.

### Edit Dates for a Transportation Record

Navigate: From the main menu, select **Inventory > Transportation > Maintenance**. The Transportation Selection window opens.

Search for and retrieve a transportation record in **Edit** mode. The Transportation window opens.

Click **Dates**. The Transportation Dates window opens.

1. Enter the dates that are known, or click the calendar buttons and select the dates.
2. Click **OK** to save your changes and close the window.

### Edit Freight Information for a Transportation Record

Navigate: From the main menu, select **Inventory > Transportation > Maintenance**. The Transportation Selection window opens.

Search for and retrieve a transportation record in **Edit** mode. The Transportation window opens.

Click **Freight**. The Freight window opens.

**Figure 3–19 Freight Window**

The screenshot shows a window titled "Freight (transprt)". It contains the following fields:

- Freight Type: [text field]
- Freight Size: [text field]
- In Transit No.: [text field]
- In Transit Date: [text field]
- Service Contract No.: [text field]
- Seal ID: [text field]
- Container SCAC Code: [text field]
- Packing Method: [dropdown menu]

An "OK" button is located at the bottom center of the window.

1. Enter the freight information that is known.
2. Click **OK** to save your changes and close the window.

## Finalize Transportation Records

Navigate: From the main menu, select **Inventory > Transportation > Finalize**. Transportation Finalize window opens.

**Figure 3–20 Transportation Finalize Window**

The screenshot shows a window titled "Transportation Finalize (transfin)". It contains the following fields:

- Vessel ID: [text field]
- Voyage Flt. ID: [text field]
- Est. Depart. Date: [text field]
- Entry No.: [text field]
- Import Country: [text field]
- Broker ID: [text field]
- Currency Code: [text field]

"OK" and "Finalize" buttons are located at the bottom right of the window.

---

**Note:** A transportation record must be marked as a Candidate before it can be finalized.

---

1. Enter the criteria for the transportation record to be finalized.

---

**Note:** If you leave all fields empty and click Finalize, all transportation records marked as candidates are finalized.

---

- a. In the **Vessel ID** field, enter the ID of the vessel, or click the **LOV** button and select the vessel.
- b. In the **Voyage Flt ID** field, enter the voyage or flight number, or click the **LOV** button and select the voyage or flight number.

- c. In the **Est Depart Date** field, enter the estimated departure date, or click the **LOV** button and select the date.
2. Enter the customs entry values that you want to apply to the record.
  - a. In the **Entry No** field, enter the entry number assigned by the Customs agency.
  - b. In the **Import Country** field, enter the ID of the import country, or click the **LOV** button and select the import country.
  - c. In the **Broker ID** field, enter the ID of the broker, or click the **LOV** button and select the broker.
  - d. In the **Currency Code** field, enter the code for the currency of the import country, or click the **LOV** button and select the currency.
3. Click **Finalize**. The transportation records that match the criteria are copied to the Customs Entry module. The status of the transportation records is automatically changed to Finalized.

## Search for a Transportation Record

Navigate: From the main menu, select **Inventory > Transportation > Maintenance**. The Transportation Selection window opens.

1. In the **Action** field, select either **View** or **Edit**.
2. Enter additional criteria as desired to make the search more restrictive.
3. Click **Search**. The Transportation Selection window displays the transportation records that match the search criteria.
4. Select a task:
  - To perform another search, click **Refresh**.
  - To display the details of a transportation record, select a record and click **OK**. The Transportation window opens.
5. Click **Close** to close the window.

## Maintain Child or Diff Items for a Transportation Record

Navigate: From the main menu, select **Inventory > Transportation > PO-Level Maintenance > New**. The PO-Level Transportation window opens.

1. In the **Order No.** field, enter the purchase order number, or click the **LOV** button and select a purchase order.
2. In the **Vessel ID** field, enter the ID of the vessel the items are arriving on, or click the **LOV** button and select the vessel ID.
3. In the **Voyage Flt ID** field, enter the ID of the vessel's voyage, or click the **LOV** button and select the Voyage Flt ID.
4. In the **Estimated Depart Date** field, enter the date the vessel left the point of origin, or click the calendar button and select a date.
5. In the **Item Default Level** field, select **Above the transaction level**. Items above the transaction level appear.
6. To default items at the child/diff level, select the **Default Child/Diff Values** check box.
7. Click **Query Details**. Items that match the criteria appear in the detail area.

8. Click **Child/Diff**. The Transportation Item window opens.
9. In the **Item** field, enter the number of the item, or click the **LOV** button and select the item.
10. In the **Quantity** field, enter the number of units.
11. In the **UOM** field, enter the code for the unit of measure, or click the **LOV** button and select the unit of measure.
12. Click **OK** to save your changes and close the window.

#### **Edit a Child or Diff Item for a Transportation Record**

1. Edit the **Quantity** and **UOM** fields as necessary.
2. Click **OK** to save your changes and close the window.

#### **Delete a Child or Diff Item for a Transportation Record**

1. Select an item and click **Delete**. You are prompted to delete the record.
2. Click **Yes**.
3. Click **OK** to save your changes and close the window.

---

## Maintain Customs Entry

### Maintain Customs Entry

The movement of goods through customs in the import country can be tracked through the customs entry module.

You can track the following information in the customs entry module:

- Forms
- Protests
- Timelines
- Shipments, orders, and items
- Departure, arrival, export, and import dates
- Missing documents
- Bills of lading and containers
- Charges and assessments
- Licenses and visas

A customs entry batch program transmits data to brokers so they can prepare the necessary documentation. When you finalize transportation records in the transportation module, the customs entries are created automatically. As additional information is acquired, it can be entered manually.

When the charges and assessments are complete, you can choose to allocate the costs to the actual landed cost module. When the customs entry is complete, you can confirm the record. If you have access to the Oracle Retail Invoice Matching product, non-merchandise invoices are created automatically from confirmed customs entries.

- [Create a Customs Entry](#)
- [Add a Form to a Customs Entry](#)
- [Add a License or Visa to a Customs Entry](#)
- [Add a Missing Document to a Customs Entry](#)
- [Add a Protest to a Customs Entry](#)
- [Add a Shipment to a Customs Entry](#)
- [Add an Item to a Customs Entry](#)

- [Add Charges to a Customs Entry](#)
- [Allocate Assessments to ALC](#)
- [Confirm a Customs Entry](#)

## Create a Customs Entry

Navigate: From the main menu, select **Inventory > Customs Entry**. The Customs Entry Search window opens.

In the **Action** field, select **New**. Click **OK**. The Customs Entry Header window opens.

**Figure 4–1 Customs Entry Header Window**

The screenshot shows the 'Customs Entry Header' window with the following fields and values:

- CE Ref. ID: 802
- Entry No.: (empty)
- Entry Date: (empty)
- CE Ref. Status: Worksheet
- Import Country: US (United States)
- Currency: USD
- Exch. Rt.: 1.0
- Entry Status: (empty)
- Summary Date: (empty)
- ALC Status: Pending
- Entry Port: (empty)
- Release Date: (empty)
- Entry Type: (empty)
- Importer: (empty)
- Consignee: (empty)
- Broker: (empty)
- Broker Ref. No.: (empty)
- File No.: (empty)
- Bond Type: (empty)
- Bond No.: (empty)
- Liquidation Amt.: (empty)
- Liquidation Date: (empty)
- Surety Code: (empty)
- Reliquidation Amt.: (empty)
- Reliquidation Date: (empty)
- Entry Team: (empty)
- Live Indicator: (unchecked)
- Merchandise Location: (empty)
- Location Code: (empty)
- Payee Type: (empty)
- Payee: (empty)
- Total Duty: (empty)
- Total Taxes: (empty)
- Total Other: (empty)
- Total VFD: (empty)
- Total Est. Assess.: (empty)
- Total Act. Assess.: (empty)
- Comments: (empty)

Buttons at the bottom: OK, OK+Repeat, Allocate ALC, Recalculate, Shipment, Delete, Cancel.

---

**Note:** When transportation records are finalized in the transportation module, the customs entries are created automatically. However, an entry can also be created manually.

---

1. Provide any available information in the enabled fields.
2. Click **OK** to save your changes and close the window.

## View a Customs Entry

Navigate: From the main menu, select **Inventory > Customs Entry**. The Customs Entry Search window opens.

- Click **OK** to close the window.

## Add a Form to a Customs Entry

Navigate: From the main menu, select **Inventory > Customs Entry**. The Customs Entry Search window opens.

Search for and retrieve a customs entry in **Edit** mode. The Customs Entry Header window opens.

From the **Options** menu, select **Forms**. The Customs Entry Forms window opens.

**Figure 4-2 Customs Entry Forms Window**

Customs Entry - Forms (reforms)

CE Ref. ID: 802 Entry No.: 6598 Import Country: US United States

Form Type	OGA Code	OGA Code Description	Form Issue	Notice Date	Due Date	Responded Date

OK Add Delete Comments Cancel

1. Click **Add**. The next available line is enabled.
2. In the **Form Type** field, select the type of form.
3. In the **OGA** field, enter the ID of the other government agency, or click the **LOV** button and select the other government agency.
4. In the **Form Issue** field, enter the issue raised by the government agency, or click the comment button and enter the issue in the Form Issue window.
5. In the **Notice Date**, **Due Date**, and **Responded Date** fields, enter the appropriate dates, or click the calendar buttons and select the dates.
6. Click **OK** to save your changes and close the window.

## View Forms for a Customs Entry

Navigate: From the main menu, select **Inventory > Customs Entry**. The Customs Entry Search window opens.

Search for and retrieve a customs entry in View mode. The Customs Entry Header window opens.

From the Options menu, select Forms. The Customs Entry Forms window opens.

- Click **OK** to close the window.

## View Charges for a Customs Entry

Navigate: From the main menu, select **Inventory > Customs Entry**. The Customs Entry Search window opens.

Search for and retrieve a customs entry in View mode. The Customs Entry Header window opens.

Click **Shipment**. The Customs Entry Shipment window opens.

Select a shipment and click **Order/Item**. The Customs Entry Items window opens.

Select an order/item combination and click **Charges**. The Customs Entry Charges window opens.

- Click **OK** to close the window.

## View Licenses and Visas for a Customs Entry

Navigate: From the main menu, select **Inventory > Customs Entry**. The Customs Entry Search window opens.

Search for and retrieve a customs entry in View mode. The Customs Entry Header window opens.

Click **Shipment**. The Customs Entry Shipment window opens.

Select a shipment and click **Order/Item**. The Customs Entry Items window opens.

Select an order/item combination and click **License/Visa**. The Customs Entry License/Visa window opens.

- Click **OK** to close the window.

## View Protests for a Customs Entry

Navigate: From the main menu, select **Inventory > Customs Entry**. The Customs Entry Search window opens.

Search for and retrieve a customs entry in View mode. The Customs Entry Header window opens.

From the Options menu, select Protests. The Customs Entry Protest window opens.

- Click **OK** to close the window.

## Add a License or Visa to a Customs Entry

Navigate: From the main menu, select **Inventory > Customs Entry**. The Customs Entry Search window opens.

Search for and retrieve a customs entry in **Edit** mode. The Customs Entry Header window opens.

Click **Shipment**. The Customs Entry Shipment window opens.

Select a shipment and click **Order/Item**. The Customs Entry Items window opens.

Select an order/item combination and click **License/Visa**. The Customs Entry License/Visa window opens.

1. Click **Add**. The next available line is enabled.
2. In the **License/Visa Type** field, select the type of document.
3. In the **License/Visa** field, enter the ID of the license or visa.
4. In the **Holder ID** field, enter the ID of the person or organization that holds the license or visa.
5. In the **Quota Category** field, enter the ID of the quota category, or click the **LOV** button and select the quota category.
6. In the **License/Visa Qty** field, enter the number of units included on the license or visa.

7. In the next field, enter the code for the unit of measure, or click the **LOV** button and select the unit of measure.
8. In the **Net Wt** field, enter the net weight.
9. In the next field, enter the code for the unit of measure, or click the **LOV** button and select the unit of measure.
10. In the **Comments** field, enter a comment as necessary, or click the comments button and enter the comment in the Comments window.
11. Click **Apply**. The license or visa is added to the customs entry details.
12. Click **OK** to save your changes and close the window.

## Add a Missing Document to a Customs Entry

Navigate: From the main menu, select **Inventory > Customs Entry**. The Customs Entry Search window opens.

Search for and retrieve a customs entry in **Edit** mode. The Customs Entry Header window opens.

Click **Shipment**. The Customs Entry Shipment window opens.

Select a shipment and click **Order/Item**. The Customs Entry Items window opens.

Select an order/item combination, then select **Missing Documents** from the **Options** menu. The Missing Documents window opens.

**Figure 4–3 Missing Documents Window**

1. Click **Add**. The next available line is enabled.
2. In the **Document ID** field, enter the ID of the missing document, or click the **LOV** button and select the document.
3. In the **Received Date** field, enter the date received if applicable, or click the **LOV** button and select the date.
4. In the **Comments** field, enter a comment as necessary, or click the comments button and enter the comment.
5. Click **OK** to save your changes and close the window.

## Add a Protest to a Customs Entry

Navigate: From the main menu, select **Inventory > Customs Entry**. The Customs Entry Search window opens.

Search for and retrieve a customs entry in **Edit** mode. The Customs Entry Header window opens.

From the **Options** menu, select **Protests**. The Customs Entry Protest window opens.

**Figure 4–4 Customs Entry Protest Window**

Customs Entry - Protest (ceprotst)

CE Ref. ID: 901    Entry No.:    Import Country: US United States

Protest No.	Protest Code	Description	Protest Date	Comments

OK Add Delete Cancel

1. Click **Add**. The next available line is enabled.
2. In the **Protest No** field, enter the number of the protest.
3. In the **Protest Code** field, enter the code for the protest, or click the **LOV** button and select the protest.
4. In the **Protest Date** field, enter the date of the protest, or click the calendar button and select the date.
5. In the **Comments** field, enter a comment as necessary. For an extended comment, click the comments button and enter the comment in the Comments window.
6. Click **OK** to save your changes and close the window.

## Add a Shipment to a Customs Entry

Navigate: From the main menu, select **Inventory > Customs Entry**. The Customs Entry Search window opens.

Search for and retrieve a customs entry in **Edit** mode. The Customs Entry Header window opens.

Click **Shipment**. The Customs Entry Shipment window opens.

**Figure 4–5 Customs Entry Shipment Window**

Customs Entry - Shipment (ceship)

CE Ref. ID: 901    Entry No.: 64    Import Country: US United States

Vessel	Voyage/Flt	Est. Depart. Date	Vessel SCAC	Discharge Port	Trans. Mode	Export Country	Shipment No.

**Apply Shipment Details**

Vessel:    Voyage/Flt:    Est. Depart. Date:    Vessel SCAC:    Trans. Mode:    Shipment No.:    Export Country:    Discharge Port:    Export Date:    Import Date:    Arrival Date:    Comments:   

OK Add Order Item Cancel

1. Click **Add**. The next available line is enabled.

2. In the **Vessel** field, enter the ID of the vessel, or click the **LOV** button and select the vessel.
3. In the **Voyage/Flt** field, enter the voyage or flight number, or click the **LOV** button and select the voyage or flight.
4. In the **Est Depart Date** field, enter the estimated departure date of the shipment, or click the **LOV** button and select the estimated departure date.
5. Enter any additional information that is available.
6. Click **Apply**. The shipment details are added to the table.
7. Click **OK** to save your changes and close the window.

## Add an Item to a Customs Entry

Navigate: From the main menu, select **Inventory > Customs Entry**. The Customs Entry Search window opens.

Search for and retrieve a customs entry in **Edit** mode. The Customs Entry Header window opens.

Click **Shipment**. The Customs Entry Shipment window opens.

Select a shipment and click **Order/Item**. The Customs Entry Items window opens.

1. Click **Add**. The next available line is enabled.
2. In the **Order No** field, enter the number of the purchase order, or click the **LOV** button and select the purchase order.
3. In the **Item** field, enter the item number of the item, or enter a partial description and click the **LOV** button to select an item.
4. In the **Invoice ID** field, enter the number of the invoice, or click the **LOV** button and select the invoice.
5. In the **Tariff Treatment** field, enter the code for the tariff treatment, or click the **LOV** button and select the tariff treatment.
6. Provide any available information in the enabled fields.
7. Click **Apply**. The purchase order and item information is added to the details.
8. Click **OK** to save your changes and close the window.

## Add Charges to a Customs Entry

Navigate: From the main menu, select **Inventory > Customs Entry**. The Customs Entry Search window opens.

Search for and retrieve a customs entry in **Edit** mode. The Customs Entry Header window opens.

Click **Shipment**. The Customs Entry Shipment window opens.

Select a shipment and click **Order/Item**. The Customs Entry Items window opens.

Select an order/item combination and click **Charges**. The Customs Entry Charges window opens.

1. Click **Add**. The next available line is enabled.
2. In the **Apply Method** field, select:

- **Single Assessment:** To add one cost component, enter the code for the cost component in the **Component** field, or click the **LOV** button and select the cost component.
  - **All HTS Components:** To add all cost components that are associated with an HTS classification, enter the number of the HTS classification, or click the **LOV** button and select the HTS classification.
3. Enter the rate, unit of measure, value, and computation value basis as necessary.
  4. Click **Apply**. The assessments are added to the customs entry details.
  5. Click **OK** to save your changes and close the window.

## Allocate Assessments to ALC

Navigate: From the main menu, select **Inventory > Customs Entry**. The Customs Entry Search window opens.

Search for and retrieve a customs entry in **Edit** mode. The Customs Entry Header window opens.

**Figure 4–6 Customs Entry Header Window**

1. Click **Allocate ALC**. The costs are allocated to the actual landed costs module.
2. Click **OK** to save your changes and close the window.

## Confirm a Customs Entry

Navigate: From the main menu, select **Inventory > Customs Entry**. The Customs Entry Search window opens.

Search for and retrieve a customs entry in **Edit** mode. The Customs Entry Header window opens.

**Figure 4–7 Customs Entry Header Window**

**Note:** If you have access to Oracle Retail Invoice Matching, a non-merchandise invoice for duty is created in Approved status after you confirm a customs entry.

1. In the **CE Ref Status** field, select **Confirmed**.
2. Click **OK** to save your changes and close the window.

---

## Maintain Obligations

As commercial invoices are received from trading partners and suppliers, they can be recorded in the obligations module. The expenses can be recorded at a variety of levels. The levels are:

**Trans Container**

Applies to a unique shipment and container combination.

**Trans Container PO**

Applies to a unique shipment, container and purchase order combination.

**Trans Container PO/Item**

Applies to a unique shipment, container, purchase order, and item combination.

**Trans BL/AWB**

Applies to a unique shipment and bill of lading or air waybill combination.

**Trans BL/AWB PO**

Applies to a unique shipment, bill of lading or air waybill and purchase order combination.

**Trans BL/AWB PO/Item**

Applies to a unique shipment, bill of lading or air waybill, purchase order, and item combination.

**Trans Vessel/Voyage/ETD**

Applies to a unique shipment.

**Trans Vessel/Voyage/ETD PO**

Applies to a unique shipment and purchase order combination.

**Trans Vessel/Voyage/ETD PO/Item**

Applies to a unique shipment, purchase order, and item combination.

**Purchase Order Header**

Applies to a unique purchase order.

**Purchase Order/Item**

Applies to a unique purchase order and item combination.

**PO Trans Vessel/Voyage/ETD**

Applies to all transportation records associated with a unique purchase order.

**Customs Entry Header**

Applies to a unique customs entry.

Each shipment is designated by a unique combination of vessel, voyage, and estimated departure date. For obligations at the purchase order header and purchase order/item level, you can allocate costs to one or more locations.

When the obligation is complete, you can approve the costs. The costs are transmitted to the actual landed cost module. If you have access to the Oracle Retail Invoice Matching product, non-merchandise invoices are created automatically from approved obligations.

- [Create an Obligation](#)
- [Approve an Obligation](#)
- [Search for an Obligation](#)
- [Edit an Obligation](#)

## Create an Obligation

Navigate: From the main menu, select **Finance > Obligation Maintenance**. The Obligation Search window opens.

**Figure 5–1 Obligation Search Window**

1. In the **Action** field, select **New**.
2. In the **Obligation Level** field, select the appropriate level.
3. Click **OK**. The Obligation Maintenance window opens.

**Figure 5–2 Obligation Maintenance Window**

Component	Allocation Type	Allocation Basis	In ALC	Rate	Per Count	Per Count UOM	Quantity	Quantity UOM	Amount
			<input checked="" type="checkbox"/>						0.00

4. In the variable fields, enter the appropriate ID, or click the **LOV** button and select the variable.

---

**Note:** Depending on the obligation level, the following fields are enabled: BL/ AWB, Container, Entry No, Order No, Item, Vessel, Voyage/Flight, Est Depart Date.

---

## Enter Vendor Information

1. Select either the **Partner** or **Supplier** option.
2. If you select Partner, select the type of partner in the **Partner Type** field.
3. In the **Partner** or **Supplier** field, enter the ID of the vendor, or click the **LOV** button and select the vendor.
4. To enter basic invoice information, enter the invoice number, invoice date, method of payment, amount paid, payment date, check authorization number, currency code, exchange rate, and comments in the appropriate fields.

## Enter the Cost Components

1. Click **Add Details**.
2. In the **Component** field, enter the code for the component, or click the **LOV** button and select the component.
3. In the **Allocation Type** field, select the appropriate option.
4. If you select **Amount** in the **Allocation Type** field, enter the quantity, unit of measure, and amount in the appropriate fields.

If you select **Unit of Measure** in the **Allocation Type** field, enter the allocation basis, rate, per count, unit of measure, quantity, and amount in the appropriate fields.

5. Select the **In ALC** check box next to each cost component that you want to include in actual landed cost calculations.

## Allocate a Cost Component to a Location

---

**Note:** Costs can be allocated to locations if the obligation is entered at the purchase order header or purchase order/item level.

---

1. Select a cost component and click **Locations**. The Locations Maintenance window opens.

**Figure 5–3 Locations Maintenance Window**

The screenshot shows the 'Locations Maintenance' window with the following details:

- Obligation:** 2901
- Component:** 60, **3rd Party Logistics**
- Quantity:** 50.00, **Amount:** 0.00

Location Type	Location	Description	Quantity	Amount

☐ Partial View      Totals: Quantity 0.00, Amount 0.00

Buttons: OK, Add, Delete, Cancel

2. In the **Location Type** field, select the type of location.
3. In the **Location** field, enter the ID of the location, or click the **LOV** button and select the location.
4. In the **Quantity** field, enter the number of units that were received at the location.
5. In the **Amount** field, enter the cost allocated to the location.
6. Click **OK** to save your changes and close the window.

## Review and complete the obligation

Click **OK** to save your changes and close the window.

## Approve an Obligation

Navigate: From the main menu, select **Finance > Obligation Maintenance**. The Obligation Search window opens.

Search for and retrieve an obligation in **Edit** mode. The details appear in the Obligation Maintenance window.

**Figure 5–4** *Obligation Maintenance Window*

## Maintain Actual Landed Cost

### Actual Landed Costs Overview

The actual landed cost module provides a view of the expenses and assessments that are accumulated as goods move from origin country, through customs, to their final destination. Estimated and actual landed costs are summarized for analysis.

The amounts can be viewed at the entry, shipment, purchase order level or at the purchase order/item level. After analysis, you can finalize the actual landed costs. As a result the stock ledger and open to buy are updated. You also have the option to update weighted average costs.

- [Finalize Actual Landed Costs by Purchase Order](#)
- [Search for Actual Landed Costs at the Purchase Order/Item Level](#)
- [Search for Actual Landed Costs by Purchase Order](#)

### Finalize Actual Landed Costs by Purchase Order

Navigate: From the main menu, select **Finance > ALC Order Finalize**. The ALC Order Find window opens.

Search for and retrieve an actual landed cost record in **Edit** mode. The ALC Order Finalize window opens.

**Figure 6–1 ALC Order Finalize Window**

Order No.	Order Status	Extended ELC	Extended ALC	Percent Variance	ALC Status	Comments
20401	Approved	777	777	0.00%	Estimated	Tanya 4

Order No.  Order Status  Method of Finalization

Extended ELC  Extended ALC  Percent Variance

ALC Status  Comments

1. Select the record that you want to finalize.
2. In the **Method of Finalization** field, select how you want to record the actual landed costs.
3. In the **Comments** field, enter a comment as necessary, or click the comments button and enter a comment.
4. Click **OK** to save your changes and close the window.

## View Actual Landed Cost Components

Navigate: From the main menu, select **Finance > ALC Maintenance**. The ALC Selection window opens.
