

Oracle® Retail Analytical Parameter Calculator

Release Notes

Release 13.0.3.7

June 2009

This document provides updated information on the Oracle Retail Analytical Parameter Calculator (APC) Releases 13.0.1, 13.0.2, and 13.0.3.

Documentation Release Only

Note: The Oracle Retail Analytical Parameter Calculator (APC) Release 13.0.3.7 is a documentation-only release. There is no code associated with this release identifier. APC Release 13.0.3 remains the current version of the code.

This release notes has been published to provide the correct location of the APC installation media files and correct the information included in the *Oracle Retail Analytical Parameter Calculator Installation Guide* for Releases 13.0.1, 13.0.2, and 13.0.3.

Information Included in the Installation Guide

The following information in the APC Installation Guide is incorrect:

- In *Chapter 5 – Installing APC*, the Installation Guide directs the users to access *Oracle Electronic Delivery* for downloading the installation media.

Correct Location of the APC Installation Media Files

The latest APC installation media files are currently available on the *My Oracle Support* Web site in the **Patch 8239490 - Oracle Retail Markdown Optimization 13.0.3**.

The Analytical Parameter Calculator was first made available (bundled with the Markdown Optimization) in the Patch Release 13.0.1, just after the Enterprise Release 13.0. Since there have been no Enterprise releases after 13.0 so far, the APC installation media files continue to be released as Patch releases on the *My Oracle Support* Web site. Future Enterprise releases of Markdown Optimization (including the APC installation media files) will be available on the *Oracle Electronic Delivery* Web site.

Note: Installation media files for an Enterprise release (13.0) are available on the *Oracle Electronic Delivery* Web site (<http://edelivery.oracle.com>) and Patch releases (13.0.x) and Hot Fixes (13.0.x.y) are available on the *My Oracle Support* Web site (<https://metalink.oracle.com>).

Customer Support

To contact Oracle Customer Support, access My Oracle Support at the following URL:

When contacting Customer Support, please provide the following:

- Product version and program/module name
- Functional and technical description of the problem (include business impact)
- Detailed step-by-step instructions to recreate
- Exact error message received
- Screen shots of each step you take

Review Patch Documentation

If you are installing the application for the first time, you install either a base release (for example, 13.0) or a later patch release (for example, 13.0.2). If you are installing a software version other than the base release, be sure to read the documentation for each patch release (since the base release) before you begin installation. Patch documentation can contain critical information related to the base release and code changes that have been made since the base release.
