Preface

The Oracle documentation set includes Adobe® Acrobat™ PDF files. The [Oracle Technology Network \(OTN\) Web site](http://www.oracle.com/technology/documentation/agile.html) (<http://www.oracle.com/technology/documentation/agile.html>) contains the latest versions of the Oracle Agile EDM PDF files. You can view or download these manuals from the Web site, or you can ask your Agile administrator if there is an Oracle Documentation folder available on your network from which you can access the documentation (PDF) files.

Note To read the PDF files, you must use the free Adobe Acrobat Reader™ version 7.0 or later. This program can be downloaded from the [Adobe Web site](http://www.adobe.com) (<http://www.adobe.com>).

Note Before calling Agile Support about a problem with an Oracle Agile EDM manual, please have the full part number, which is located on the title page.

TTY Access to Oracle Support Services

Oracle provides dedicated Text Telephone (TTY) access to Oracle Support Services within the United States of America 24 hours a day, 7 days a week. For TTY support, call 800.446.2398. Outside the United States, call +1.407.458.2479.

Readme

Any last-minute information about Oracle Agile EDM can be found in the Release Notes file on the [Oracle Technology Network \(OTN\) Web site](http://www.oracle.com/technology/documentation/agile_eseries.html) (http://www.oracle.com/technology/documentation/agile_eseries.html)

Oracle Training Aids

Go to the [Oracle University Web page](http://www.oracle.com/education/chooser/selectcountry_new.html) (http://www.oracle.com/education/chooser/selectcountry_new.html) for more information on Agile Training offerings.

Accessibility of Code Examples in Documentation

Screen readers may not always correctly read the code examples in this document. The conventions for writing code require that closing braces should appear on an otherwise empty line; however, some screen readers may not always read a line of text that consists solely of a bracket or brace.

Accessibility of Links to External Web Sites in Documentation

This documentation may contain links to Web sites of other companies or organizations that Oracle does not own or control. Oracle neither evaluates nor makes any representations regarding the accessibility of these Web sites.

Introduction

This guide describes how to install Oracle WebLogic 11g Rel 1 (10.3.3) for the use with Agile e6.1.2, running under Windows 2008 SP2 / 2008 R2.

Where to Go for More Information

For additional information, consult the Oracle online installation and administration documentation.

http://download.oracle.com/docs/cd/E14571_01/wls.htm

Chapter 2

Requirements

Hardware and Software Requirements

Requirements	Minimum Value
Physical memory (RAM)	Minimum 1 GB Refer to the Hardware Sizing documentation to determine the required memory for your specific Oracle WebLogic installation.
Disk space for software files	1 GB is needed for software only.
System architecture	Processor: Intel Pentium 4 or higher/compatible
Operating system	Microsoft Windows Server 2008 EE 64 bit SP2 Microsoft Windows Server 2008 R2 EE 64 bit.
JDK	The installation program requires a Java run-time environment (JRE) to run.

Chapter 3

Preparing the System

Download the Oracle WebLogic Installation Media

1. Download and uncompress the Oracle WebLogic 11g Rel 1 (10.3.3) for Microsoft Windows from the Oracle eDelivery web site.

Note Packages can be found under the product pack Oracle Agile Applications -> Oracle Agile Engineering Data Management (Release e6.1.2) Media Pack for Microsoft Windows x64 (64-bit).

Chapter 4

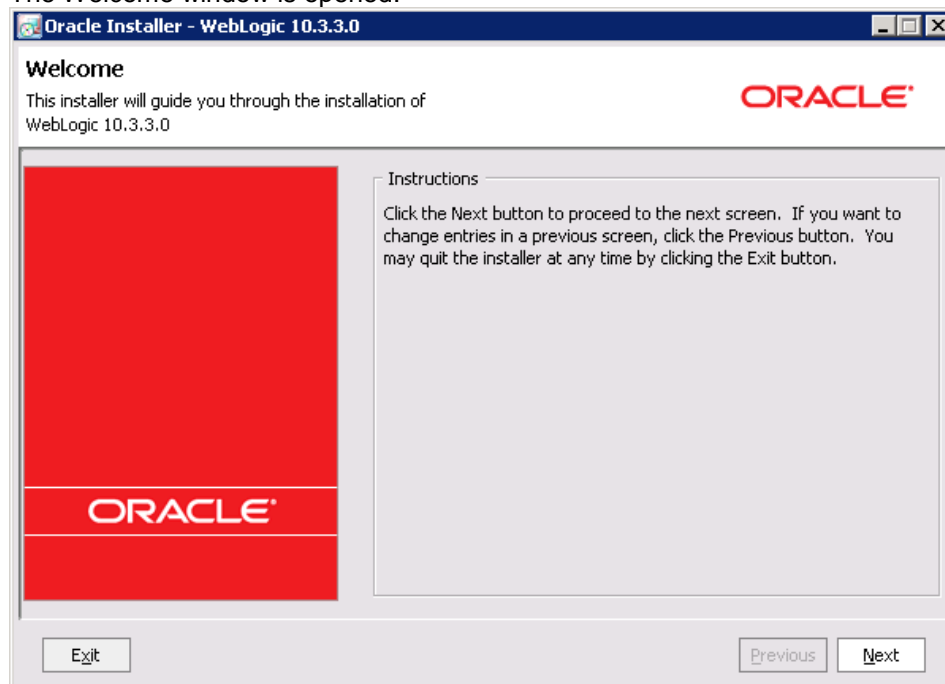

Installing Oracle WebLogic 10.3.3

This chapter provides instructions for installing Oracle WebLogic 10.3.3 for the use with Agile e6.1.2.

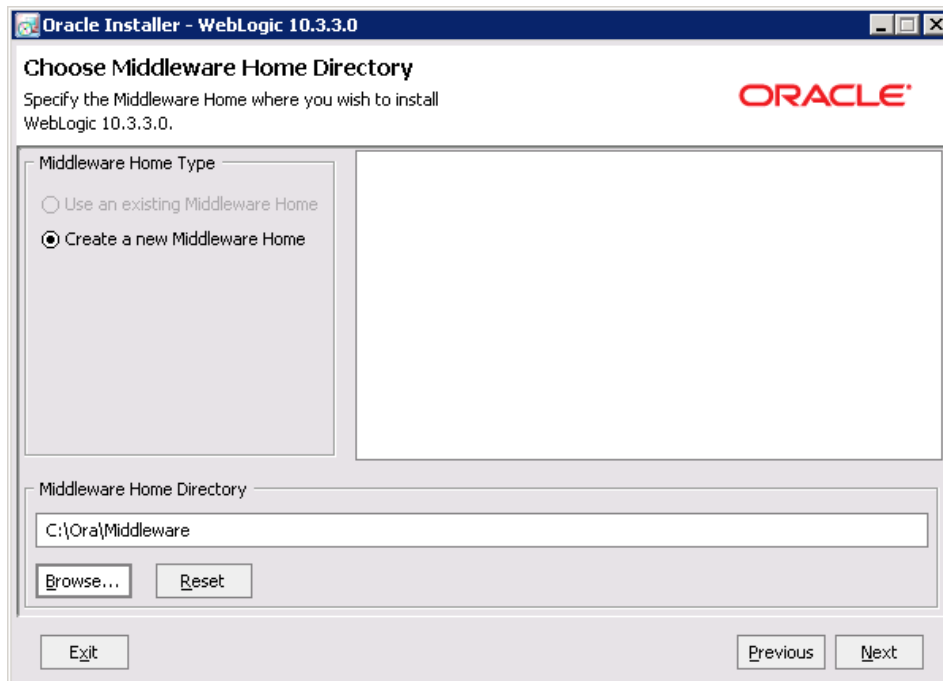

Start the Oracle WebLogic 10.3.3 Installation

1. Start wls1033_win32.exe from the downloaded Oracle Installation Media.

The Welcome window is opened.

2. Click **Next**.
3. Select to create a new Middleware home and provide the path to the directory for it. Click **Next**.

4. Specify whether you want to register the product installation with My Oracle Support. By registering, Oracle Support notifies you immediately of any security updates that are specific to your installation. If you want to register your installation, enter your My Oracle Support email address and your My Oracle Support password.

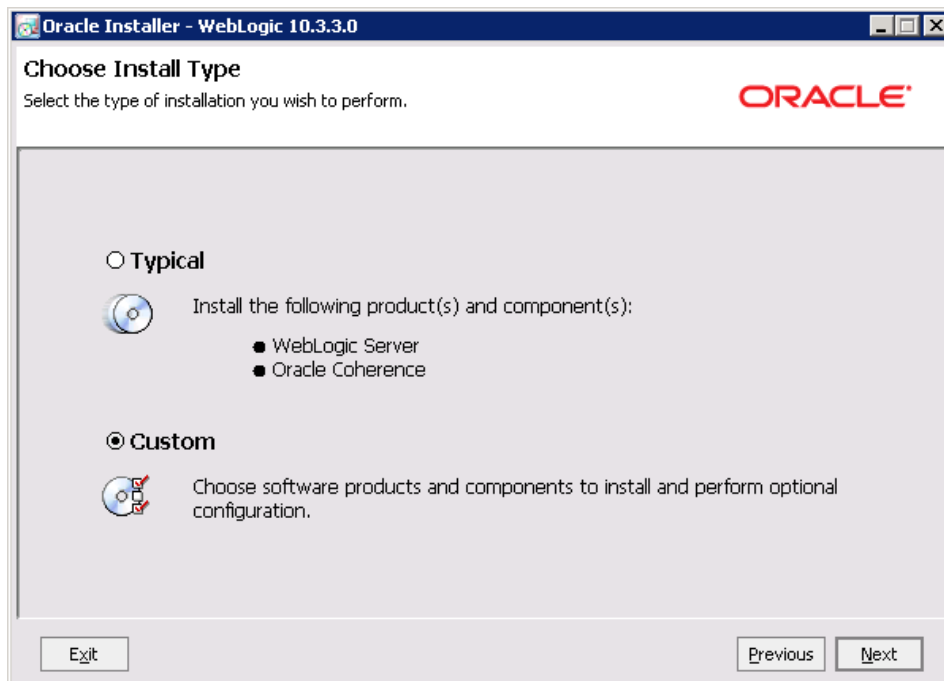

If you chose not to register, deselect the **I wish to receive security updates via My Oracle Support** check box.

The *Are You Sure?* dialog box appears.

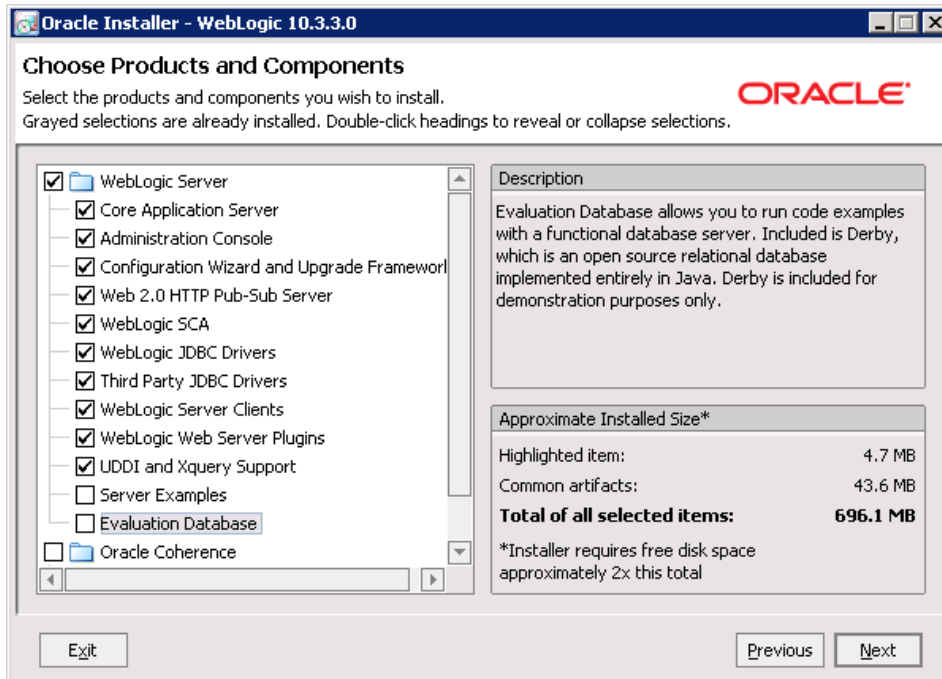

5. Click **Yes** to continue.

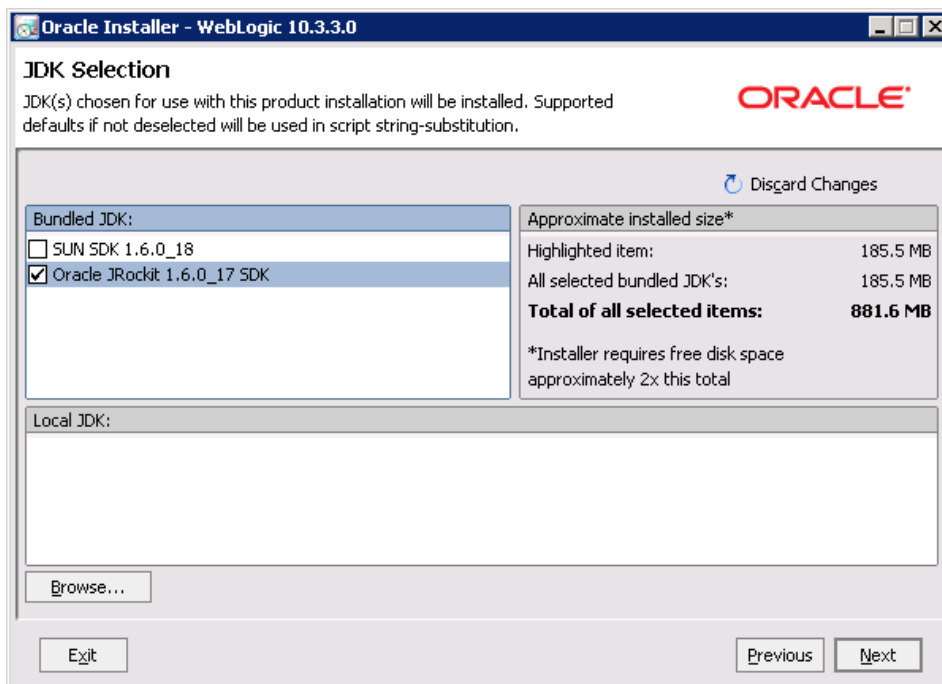

6. Select the **Custom** type of installation and click **Next**.

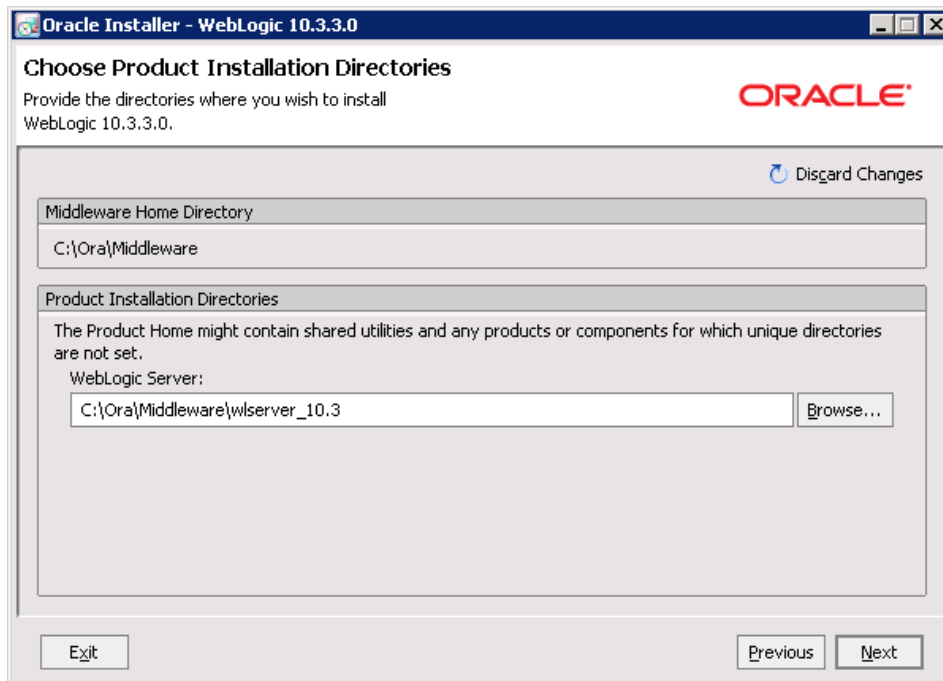

7. Select the following components to be installed. Click **Next**.

8. Select to use Oracle JRockit SDK and click **Next**.

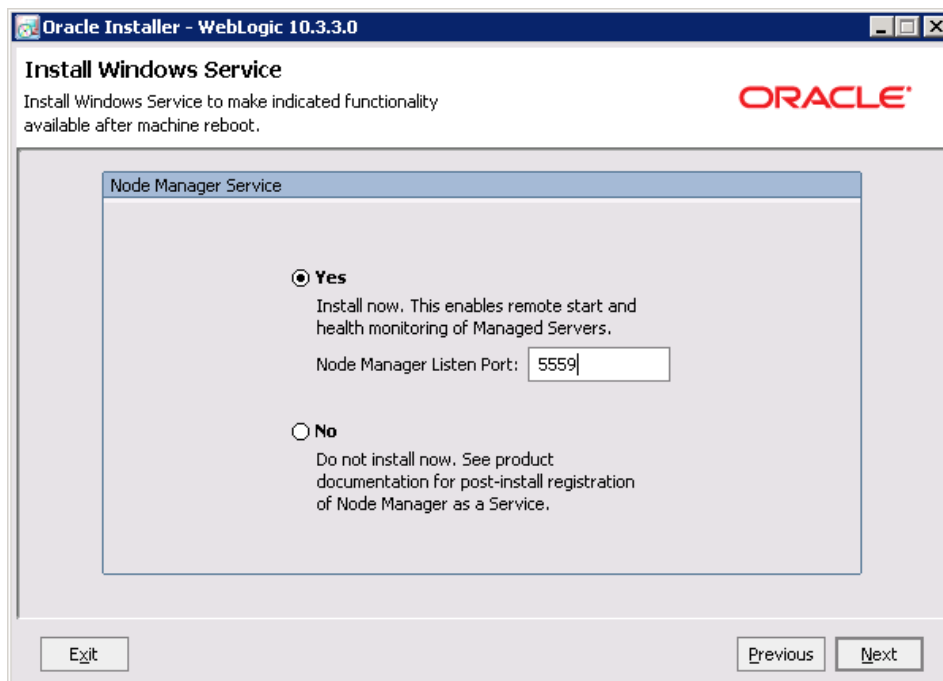

9. Provide the directory where Oracle WebLogic should be installed. Usually it's under the Middleware Home directory. Click **Next**.

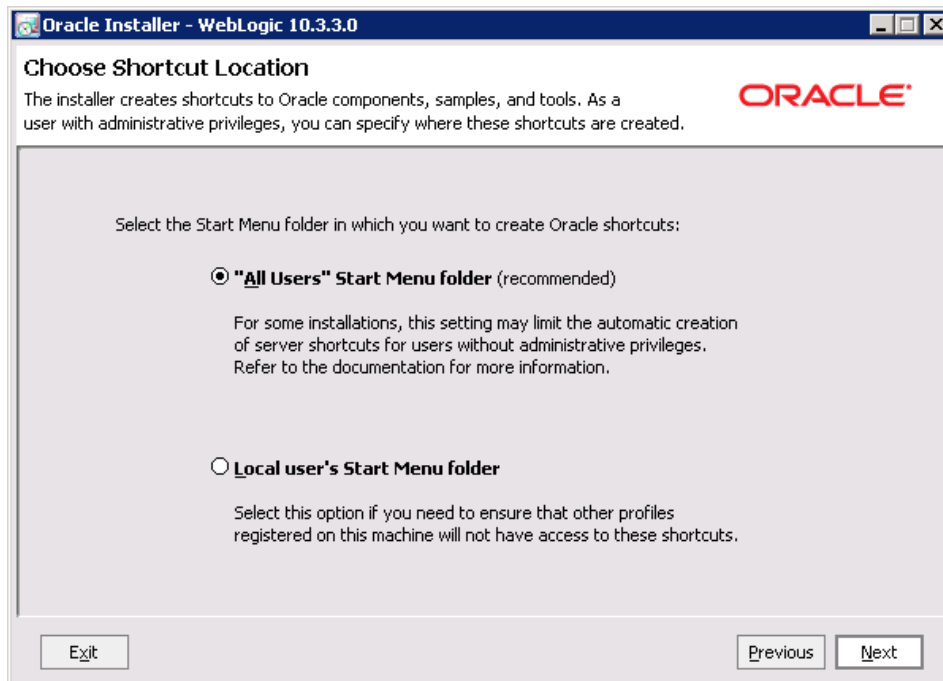

10. Select **Yes** to install the Node Manager Service. Use **5559** as a Node Manager Listen Port.

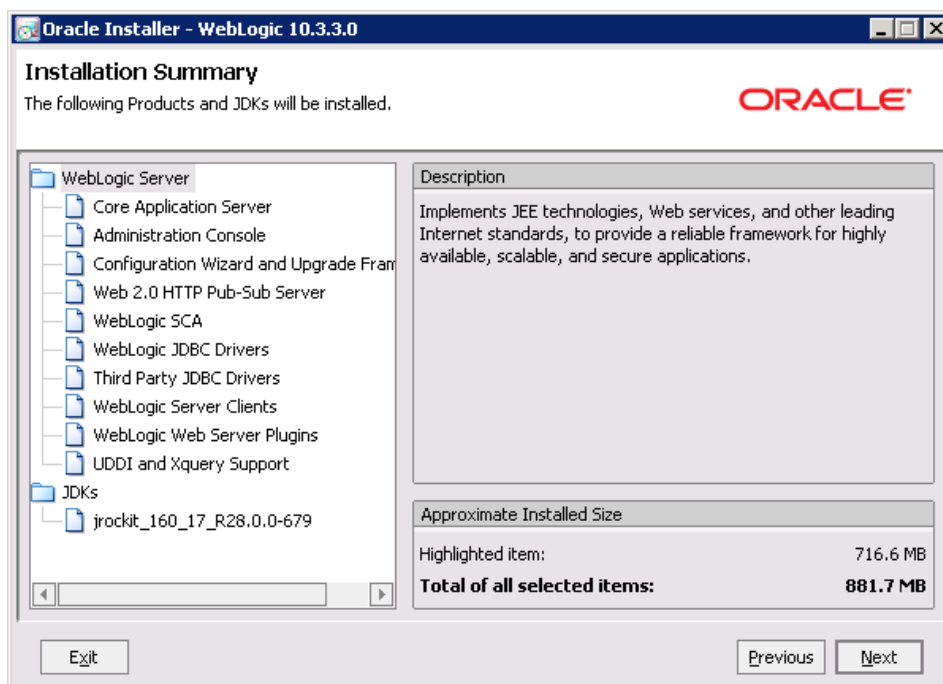

11. Click **Next**.

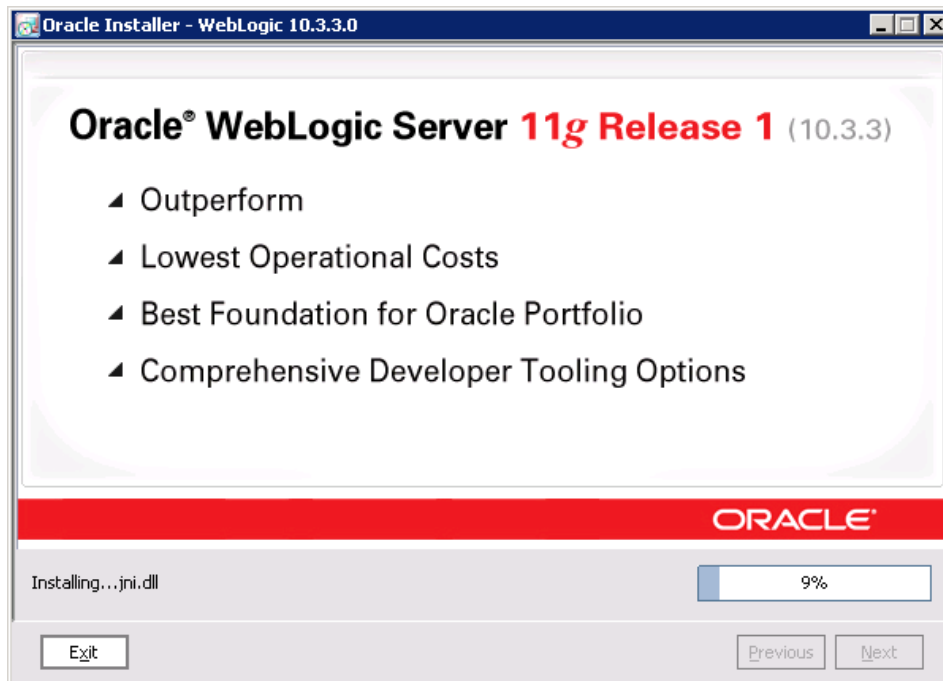

12. Select to create Oracle shortcuts in the "All Users" Start Menu folder and click **Next**.

13. In the Summary window, review the options you have chosen and click **Next**.

The installation of Oracle WebLogic 10.3.3 starts.

14. Deactivate the checkbox 'Run Quickstart' and click the **Done** button to exit the installer when the installation is complete.
