

# Oracle AutoVue Desktop Version

## Product Variations - Feature Matrix Version 20.0.3, Windows Platform

For organizations to bring successful products to market, geographically dispersed teams and external partners and customers must be able to effectively collaborate on technical documents without compromising security or precision.

Oracle's AutoVue Enterprise Visualization solutions help organizations streamline technical document collaboration across the enterprise to improve productivity, reduce errors, and accelerate innovation and time to market.

This document lists features supported by version 20.0.3 of the AutoVue Desktop Version family of products on the Windows platform.
