Support

Accessing Oracle Global Customer Support

Oracle customers have access to electronic and telephone support for Siebel Business Applications through Oracle Global Customer Support.

Hearing-impaired customers in the U.S. who wish to speak to an Oracle Support representative may use a telecommunications relay service (TRS). Information about the TRS is available at http://www.fcc.gov/cgb/consumerfacts/trs.html.

My Oracle Support

My Oracle Support is an online support portal that offers you secure real-time access to support information from Oracle. It is a source of information, diagnostic tools, and support assistance. My Oracle Support provides a repository of technical articles, Service Request (SR) access, and the ability to create a personalized home page.

Log in to My Oracle Support to access the My Oracle Support Welcome Center (Doc ID 873313.1) from the Getting Started area. The Getting Started area is your single resource for information, training, and reference materials that will help you get started using My Oracle Support. Only the designated contacts of licensed customers have access to My Oracle Support.

Oracle Community

Oracle Community is a site for sharing information, questions, and comments about Oracle products and related technologies. Oracle Community is designed only for peer-to-peer knowledge sharing: users who require urgent support should use My Oracle Support.

Siebel Tools Online Help

Within Siebel Tools Online Help, you can find the following guides:

- Configuring Siebel Business Applications
- Object Types Reference
- Business Process Framework: Task UI Guide
- Business Process Framework: Workflow Guide
- Developer's Reference
- Object Interfaces Reference
- eScript Language Reference
- VB Language Reference
- Using Siebel Tools

Update the installed Tools Online Help by copying all files in the ToolsOnlineHelp folder provided here (not the folder itself) to the help folder where you installed Siebel Tools (usually, <*ToolsInstallationDirectory*>\HELP\ENU). To launch Tools Online Help directly from its folder, open tools.chm.

Using PDF Search

To view Siebel Bookshelf PDF files and use search functionality, you must have Adobe Reader. You must open the Home page in Acrobat Reader and not in a browser with a PDF plug-in; some features do not function properly in a browser.

You can download the latest version of Acrobat Reader from https://get.adobe.com/reader/.

You can use the search functionality to find topics in all PDF files in the Bookshelf by clicking the Search button on the Home page.

For more information on using PDF search, see https://helpx.adobe.com/reader.html.

This software and related documentation are provided under a license agreement containing restrictions on use and disclosure and are protected by intellectual property laws. Except as expressly permitted in your license agreement or allowed by law, you may not use, copy, reproduce, translate, broadcast, modify, license, transmit, distribute, exhibit, perform, publish, or display in any part, in any form, or by any means. Reverse engineering, disassembly, or decompilation of this software, unless required by law for interoperability, is prohibited.

The information contained herein is subject to change without notice and is not warranted to be error-free. If you find any errors, please report them to us in writing.

If this is software or related documentation that is delivered to the U.S. Government or anyone licensing it on behalf of the U.S. Government, the following notice is applicable:

U.S. GOVERNMENT END USERS: Oracle programs (including any operating system, integrated software, any programs embedded, installed or activated on delivered hardware, and modifications of such programs) and Oracle computer documentation or other Oracle data delivered to or accessed by U.S. Government end users are "commercial computer software" or “commercial computer software documentation” pursuant to the applicable Federal Acquisition Regulation and agency-specific supplemental regulations. As such, the use, reproduction, duplication, release, display, disclosure, modification, preparation of derivative works, and/or adaptation of i) Oracle programs (including any operating system, integrated software, any programs embedded, installed or activated on delivered hardware, and modifications of such programs), ii) Oracle computer documentation and/or iii) other Oracle data, is subject to the rights and limitations specified in the license contained in the applicable contract. The terms governing the U.S. Government’s use of Oracle cloud services are defined by the applicable contract for such services. No other rights are granted to the U.S. Government.

This software or hardware is developed for general use in a variety of information management applications. It is not developed or intended for use in any inherently dangerous applications, including applications that may create a risk of personal injury. If you use this software or hardware in dangerous applications, then you shall be responsible to take all appropriate fail-safe, backup, redundancy, and other measures to ensure its safe use. Oracle Corporation and its affiliates disclaim any liability for any damages caused by use of this software or hardware in dangerous applications.
